

# HARDING ASKED TO HALT PACKER'S PLANS

## PACKING INDUSTRY EMPLOYEES SEEK TO HAVE PLANS HELD UP

Would Have Government Take Charge of Industries If Packers Refuse to Abide By Agreement - Communication Contains Strike Threat-- Joined Union During World War.

(By The Associated Press)  
OMAHA, Neb., March 9.—President Harding was appealed to tonight by representatives of packing house employees with a request that he try to prevent a proposed reduction of wages and readjustment of working hours, which have been announced by meat packers to become effective March 14.

Delegates to a conference called by the Amalgamated Meat Cutters and Butcher Workmen voted unanimously today to appeal in an attempt to forestall abrogation of the war time agreement between the packers and their employees. The delegates represented workers in every large packing center of the country, and their action, according to union officials, affects 200,000 employees.

A telegram asked the president to request the packers to "hold in abeyance" the wage and hour changes announced as effective next Monday, until the secretary of labor can investigate charges in the message. The conference also adopted a resolution requesting the president to use his good offices to compel the packers to a compliance with the agreement entered into by the government and that unless the packers consent, that he exercise his power to place all the packing house industry under government control and operation, and particularly brand the present owners and managers of the industry as a menace to the government and society in general.

**Issue Strike Warning**  
A strike warning appeared in the same resolution, which instructed the union officers "to take such action as will result in a unanimous and effective resistance to a return to the ten hour work day, wage reductions and other barbaric conditions that existed prior to 1917," unless the president sends assurance of action according with the conference request. This resolution, according to Dennis Lane, secretary-treasurer of the union, means authorization for a strike affecting all packing house employees of the United States and Canada.

**President Gathers**  
The American Federation of Labor was asked, in another telegram, to go to the White House as the direct representative of the Meat Cutters' union, and urge immediate action on the workers' request. He was also asked to call a meeting, next Monday, in Chicago, of all the allied unions working for the packers, to outline concerted action in event of a strike.

The delegates present were unanimous in favor of striking if the changes announced by the packers are put into effect, according to Mr. Lane.

Denouncing the packers' action, in terminating the Alschuler arbitration agreement, as a "glaring contempt and disregard for established governmental agencies," the resolution adopted by the conference declared that the packers believe the time opportune "to destroy our organization and bring about a return of the ten and twelve-hour work day at a starvation wage and servility to the point where no workman dare call his soul his own."

**Many Joined Union**  
During the war, the telegram continued, workers of the packing plants joined the union in large numbers.

"They were confronted with mounting living costs," it said, "and at the same time information of the enormous profits of the packers was published broadcast. In this national emergency, the employers showed fight and said they were willing that a strike should take place. Employees' representatives induced them to the job as a patriotic duty."

President Wilson succeeded in bringing the packers into confer-

## OPPOSITION TO RATIFICATION OF TREATY IS SHOWN

President's First Message Arouses Much Controversy

SENATOR LODGE URGES IMMEDIATE ACTION

(By The Associated Press)  
WASHINGTON, March 9.—A special message sent by President Harding to the senate today asking early ratification of the \$25,000,000 treaty with Colombia immediately started a vigorous controversy, with a considerable group of Republicans aligned in opposition. It was Mr. Harding's first congressional message and as anticipated developed the first open differences between senate Republicans.

The communication was understood to have recommended ratification principally on the ground that such action would improve relations between the United States and Colombia and have beneficial effect on relations between the United States and all of Latin America.

Publication of the message read in an executive session was deferred. Immediate action at the present extra session of the senate was urged by Senator Lodge of Massachusetts, Republican floor leader, but objections came from both Republicans and Democrats and the matter went over until tomorrow.

**Postponement Possible**  
Postponement of the treaty's consideration until the April session of congress appeared probable. Leaders among advocates and opponents started negotiations and tomorrow it was hoped that an agreement might be reached which would defer consideration until next month, limit debate after the senate reassembles in April and fix a definite date for a final vote.

Differences over the treaty appeared principally among Republicans. Most Democratic senators were reported to favor ratification of the treaty which the Wilson administration negotiated in 1914.

Prominent among reputed opponents in the Republican ranks were Senators Borah, Idaho; Kenyon, Iowa; Kellogg, Minnesota; Lenroot, Wisconsin; Johnson, California; and Nelson, Minnesota. Most of the Republican senators were counted as supporters of the treaty.

**MARSHALL PLEADS FOR REAL DEMOCRACY**  
Cleveland, March 9.—A plea for rejuvenation of Democratic ideals in American life and the leveling of all class distinctions in America was made by former Vice-President Thomas R. Marshall in an address here today.

"America is the hope of the world," Mr. Marshall said, "let us live our democracy—let us level all distinctions in class and make this America really Democratic."

**SCHOOL MAN GETS JERSEYVILLE**  
Jerseyville, Ill., March 9.—Superintendent of Schools Becker, of Jersey county, has been appointed managing director of the Illinois Tuberculosis association. He succeeds W. D. Thurber, who recently resigned.

Mr. Becker has been active in this work for a number of years. He will enter on his new duties April 1. His headquarters will be at Springfield.

**ANNOUNCE REDUCTIONS IN OCEAN RATES**  
Louisville, Ky., March 9.—Notice of a substantial reduction in ocean rates, effective March 15, from Gulf and South Atlantic ports to Havana, on classes and commodities, and on commodities to Cuban ports, was received at the office of the foreign commerce service, Southern railroad, here today.

The reductions, in some cases, it was announced, are as high as 30 per cent.

## NEW AMBASSADOR ISSUES STATEMENT ON ITALIAN DEBT

Says Country Preparing to Take Action to Pay It

HOPES FOR RESUMPTION OF TRADE RELATIONS

(By The Associated Press)  
WASHINGTON, March 9.—Italy is preparing, through rehabilitation of her internal financial condition, setting in motion again the machinery of commercial relations and resuming the production of staples of commerce utilized in her foreign trade to discharge her debt to the United States, Rolando Ricci, new Italian ambassador said today.

The debt, according to the last annual report of former Secretary Houston, amounts to \$1,631,000,000. The ambassador in a statement said:

"Italy must, thru a revision of the accounts, ascertain the exact amount of her debt and then ask for a convenient period of time within which to pay."

**Would Ask Equal Treatment**  
"Italy would naturally ask the preferred nation's treatment, i. e., Italy would ask that in case of a cancellation or partial remittance of debt to any other nation the same treatment be granted her. Like the United States Italy entered the war without being forced to do so by any aggression and while the nations that had been attacked were in very difficult straits Italy got nothing out of the war except her national boundaries and such boundaries Italy conquered with her own military effort which culminated with the victory of Vittorio Veneto."

"Italy has therefore a political attitude and a public sentiment which agree completely with the political attitude and public sentiment of the United States."

The ambassador expressed confidence in the success of efforts being made to bring about resumption of the formerly large and important trade relations between Italy and the United States, particularly the Italian export trade with this country which would be a large factor in meeting the financial obligations of Italy to America.

He indicated, however, that it would not be possible at first to apply the proceeds of the sale of Italian products imported into America directly towards the reduction of the debt to this country.

**CLEVELAND BAR PROTESTS ACTION**

**Does Not Believe Landis Should Accept Baseball Job—Inconsistent With Full and Adequate Performance of Judicial Duties**

Cleveland, O., March 9.—The Cleveland Bar Association tonight adopted a resolution protesting against Federal Judge K. M. Landis accepting the position of baseball commissioner. The resolution, drafted by former Congressman Paul Howland of Ohio, declares Judge Landis' action is "inconsistent with the full and adequate performance of his duty as a federal judge and that it constitutes a serious impropriety on his part."

The resolution adopted the report of the congressional subcommittee on judiciary to which was referred impeachment charges against Judge Landis, filed by Congressman Welch of Ohio, and "favours the fullest and most thorough investigation to the end that the high standing of the federal judiciary may be maintained."

**TWO TEAMS MAINTAIN LEAD IN HIRE RACE**

New York, March 9.—The two leading teams in the Madison Square Garden six day bicycle race still retained their one lap advantage at 10 o'clock tonight despite a desperate attempt by the Brocco-Coburn combination to overtake them. At the 70th hour, the Egg-Van Kampen and Rutt-Lorenz teams had covered 1,210 miles and four laps. Five teams were one lap back, three pairs two laps back and one team three.

At the end of the sprints today, Egg and Van Kampen had 517 points and Rutt-Lorenz 399.

**DR. SIMONS IS GIVEN OVATION**

Berlin, March 9.—Crowds waiting at the station tonight greeted Dr. Simons, head of the German delegation to the reparations conference with an ovation on his arrival from London. The crowds sang "Deutschland Uber Alles" and other patriotic airs.

## ITALY ONLY COUNTRY NOT SUFFERING FROM BUSINESS DEPRESSION

This Report is Made by American Consuls in Europe

ITALIAN BANKS REPORT LARGE PROFITS

(By The Associated Press)  
WASHINGTON, March 9.—Continued business depression in Europe, with the exception of Italy, was reported by American consuls in the monthly cable survey of world economic conditions, issued today by the department of commerce. Signs of improvement were seen in the Far East, but little change was noted in the South American countries. Both exports and imports are decreasing in Great Britain, the survey said, contributing to unemployment. Payment of heavy taxes was regarded as a cause for the tightness in the money market, and English banks were said to have loaned two-thirds of their resources to finance private enterprise.

Recent price declines and business stagnation in France, according to the survey, have tended to strain the credit of banks, several of which were reported to be in a difficult position. Italian banks are reporting large profits, the survey continued, and the condition of the government finances was regarded as more favorable.

German interests are attempting to obtain control of the Austrian government's former ammunition plants, the survey reported, and German capital is trying to control the iron industry in Austria. The general condition of the Austrian government finances was regarded as becoming more favorable.

Business depression is increasing in the Scandinavian countries, the survey asserted, while German competition is placing many industries in a worse condition than formerly.

**INVESTIGATION OF ALLEGED COMBINES ASKED BY DAILEY**

Would Find If Their Action Keeps Building Costs Up

**BILL FOR PENALTIES FOR BETTING ON SPORTS**

(By The Associated Press)  
SPRINGFIELD, Ill., March 9.—The Dailey resolution calling for a legislative investigation of the alleged combines among contractors, material men and labor unions which keep building costs high, and the Davis anti-profit resolution calling for a similar investigation of alleged combines among distributors of coal, food and clothing were reported out with recommendations that they pass by the house judiciary committee today.

The committee also reported out the Little bill providing heavy penalties for betting on athletic contests and the Flagg bill to punish givers and takers of bribes to "throw baseball games and other athletics contests."

The senate tonight passed the "buck" to the house on the Rock Island judicial reappointment bill by passing it. The same bill met with considerable opposition in the house which sent it back to the judicial appointment committee for radical changes intended to grant the same reappointment privilege to other large counties of the state.

**RAISE MONEY FOR FAIL OF VILNA**

Chicago, March 9.—Plans to raise \$10,000,000 of which \$1,358,900 has been pledged in an attempt to effect the full or surrender of Vilna, capital of Lithuania, were approved by the Lithuanian federation of America, at the opening of a two day session today. Vilna now is held by Polish forces. The fund is to be raised by the sale of liberty bonds.

The organization pledged its support to Americanization work and adopted resolutions of sympathy for the people of Ireland.

**CONFERENCES ON TARIFF TO BEGIN**

Washington, March 9.—Conferences on tariff and revenue legislation between congressional leaders and Secretary Mellon of the treasury will begin Monday. Arrangements for the discussions in which it is hoped a program of fiscal legislation for submission to President Harding will be drafted were made today with the secretary by Chairman Penrose of the senate finance committee.

Senator Penrose said it was planned to outline a program for early united and harmonious action.

## MESSAGES FROM FOREIGN RULERS REACH HARDING

President Millerand Expresses Hope of Co-Operation

BRITISH MESSAGE NOT MADE PUBLIC

(By The Associated Press)  
WASHINGTON, March 9.—Messages of felicitation exchanged by President Harding and a number of foreign rulers, expressing hopes for peace and friendship throughout the world were made public today at the White House. A note of economic as well as political co-operation was sounded in the exchange between Mr. Harding and President Millerand of France, while most of the messages that passed with South and Central American presidents voiced a renewed pledge of pan-American solidarity.

The message reported in press dispatches as having been sent by King George of Great Britain and the president's reply were omitted from the list given the public.

Others with congratulatory expressions were announced were King Albert of Belgium; King Victor Emmanuel of Italy; King Gustaf of Sweden; King Boris of Bulgaria; Sultan Ahmed Ghabdar of Persia; President Pessoa of Brazil; President Melendez of Salvador; President Gendra of Paraguay; President Acosta of Costa Rica; President Bustillos of Venezuela; President Suarez of Colombia; President Porras of Panama; President Bruin of Uruguay; President Menocal of Cuba and President Saavedra of Bolivia.

**Millerand Recalls Trials.**  
After recalling the common trials thru which France and the United States had passed, President Millerand's message said:

"The solidarity of France and the United States which so powerfully contributed to their common victory will also prove their safeguard during peace. We are sure the noble traditions which for nearly a century and a half have associated our two great democracies for the common good of mankind, will be perpetuated."

Mr. Harding replied: "I thank you sincerely for the cordiality of your appreciated telegram of congratulations and good wishes and assure you of my abiding friendship for the French people and my very genuine wish for the continued promotion of its welfare and further strengthening, if possible, of the ties by which the two countries are bound in history and fraternal friendship."

**STATE HEALTH DEPARTMENT WORK**

Springfield, Ill., March 9.—The state health department reports that during the latter half of 1920 its division of social hygiene furnished speakers who lectured before 139 audiences, with a total attendance of 23,671. Slide and film showings were also made to 45 audiences with a total attendance of 94,800. Many of the lectures and film showings, it was reported, were before audiences composed entirely of employees of large industrial plants.

The number of pamphlets distributed totaled 182,242 and 99,461 of these were sent out on specific requests.

**PRESENT FUNDS ARE NOT SUFFICIENT**

New York, March 9.—The American committee for the China famine fund was notified today by its advisory committee in Peking that present funds are sufficient to save only 2,500,000 of six million persons facing starvation. Messages from American consuls in the five northern provinces indicate that the utmost effort will be required to sustain enough able bodied men and women until the time for planting the spring harvest is reached. The next few months will be the most critical period.

**WANT TO ESTABLISH REGIONAL BOARDS**

Chicago, March 9.—A suggestion that conferences be held between railroad executives and their employees with a view of establishing regional boards to control to mediate between the two groups has been put forward by E. T. Whittier, chairman of the conference board of managers of the Association of Railroad Executives, said today.

Mr. Whittier said the was unable to say what, if any action had been taken concerning the proposed conference.

## BEER AND WINES ARE GIVEN SAME STATUS AS WHISKEY: PALMER

Former Attorney General Takes Final Wallop at John Barleycorn Before Going Out of Office—Opinion Written Before Retirement Made Public by Department Today

(By The Associated Press)  
WASHINGTON, March 9.—Beer and wines are given the same status as whiskey under an opinion by the attorney general made public today by the bureau of internal revenue.

The ruling, one of the most important since the advent of national prohibition, makes it possible for all alcoholic liquors to be used for medicinal and other non-beverage purposes, and for all to be manufactured and sold for these purposes subject only to the limitations of the Volstead act on non-beverage intoxicants.

The opinion was written by former Attorney General Palmer before he retired from office.

Whether it will upset any regulations of the revenue and enforcement bureaus had not been made tonight, Commissioner Williams of the revenue bureau saying he had not had an opportunity to study the opinion.

There were many rumors afloat that the opinion had wrecked plans of dry advocates to obtain further restriction of liquor sales.

**Wheeler Issues Statement.**  
Wayne B. Wheeler, general counsel for the Anti-Saloon League issued a statement in which he said 34 states had state codes prohibiting the prescribing beer for medicinal purposes. Mr. Wheeler declared the opinion was not in accord with the purpose of the federal law.

"Congress clearly did not intend to attempt to legalize what the state laws prohibit," Mr. Wheeler said. "Unless the opinion is overruled, congress should amend the law."

The opinion appeared ambiguous in some respects officials said and they were unable to determine whether the government had power to limit the number of prescriptions a physician may write except that the law applies no more than a pint per person in a ten day period.

**Physician to Act on Judgment**  
Mr. Palmer called attention to a provision which apparently had left the physician to act on his judgment. He suggested then that when a physician abused the privilege he could be dealt with criminally but added that in no case should the judgment of the physician be supplanted by that of enforcement officials.

Replying to the question whether the government could restrict the number of permits to manufacture, sell or prescribe in any state or community, Mr. Palmer explained that the Volstead act had limited only the classes to which permits could be issued and had permitted no discrimination between persons within those classes. He said the withholding of permits could not be done legally even if officials were convinced that fewer permits would suffice in any given state or city.

Mr. Palmer advised officials that they had "ample authority" to write such regulations as they believed to make certain the enforcement of the law.

**WOULD ENGAGE IN TRANSPORTATION**

Springfield, Ill., March 9.—The Peoria-Springfield Motor Transit Company of Peoria, which was incorporated February 14, today filed an application with the Illinois Public Utilities Commission asking permission to engage in transportation of persons and property between Springfield, Chatham, Virden Girard and intermediate points by motor vehicles, also to transact a general transportation business between Peoria, Moseville, Rome, Chillicothe, Sparland and Henry.

**DESPERATE FLIGHT OF RUSSIAN REFUGEES**

New York, March 9.—The desperate plight of thousands of refugees from Russia, a large portion of them children who are flocking to the Balkans in urgent need of assistance, is described in messages to the European relief council, made public today.

Entire families fleeing from South Russia have overrun Serbia, one dispatch said, and in other parts of the Balkans, where the refugees are finding temporary shelter, conditions have been aggravated to an extent requiring prompt relief measures. In Saloniki, alone, the council reported, there are 5,000 Russian children in need of food, which is proving difficult to supply.

**LIBRARIANS MEET IN KENTUCKY**

Cairo, Ill., March 9.—Public librarians of Southern Illinois and Western Kentucky gathered across the river in Paducah, Ky., today in the first library conference ever held in this part of the country. Miss Fannie Rawson, of the Kentucky State Library commission, presided.

Leaders in the discussion of library problems and possibilities, included Miss Effie A. Landsen, president of the Illinois Library association, and Miss Anna May Price, secretary of the Illinois Library Extension commission.

## WEATHER REPORT

"We educators know we are humbugs," declared A. E. Winslow, editor of a prominent educational journal, at a recent meeting of teachers at Atlantic City. Perhaps most educators will think Mr. Winslow made a statement too all-inclusive, but there are a lot of others who will agree that

to some extent the statement is justified. Educators who undertake to become national dictators are properly classed by the speaker at the Atlantic City gathering.

**BORAH BY-LAWS TO BILL OF RIGHTS**  
"A bill to protect persons in the exercise of certain privileges and immunities guaranteed and secured by the constitution of the United States," is the title of a measure introduced by Senator William E. Borah a few days before the adjournment of congress. The necessity for the legislation was suggested by the frequent acts of lawlessness charged against the department of justice in the administration of the espionage law, and by the excessive zeal of public officials elsewhere.

"Lawlessness," said Senator Borah, "among those whose duty it is to enforce and uphold the law breeds lawlessness, and not only that, it begets distrust of and disaffection for the Government itself among the people generally. A high and sincere regard for law, a profound respect for our Constitution must begin with those who are entrusted with the execution of the law. Obedience to the law is the primal pillar upon which free

institutions rest. When this spirit of obedience is broken down, law itself becomes in a sense a mockery."

It is said that a ruling from the revenue department may make it possible for doctors to prescribe 4 per cent beer for their patients. If this ruling is made, physicians in many cities will be kept busier than ever before in caring for men who have developed sudden ailments demanding this beer treatment.

Vice President Coolidge attended the first cabinet meeting and thus another pre-election promise of President Harding was fulfilled. It was his announcement to make the vice-president an active factor in cabinet affairs. With a vice president of such acknowledged force and ability, there is every reason why he should become an active participant in the president's official family.

On the first day that bonds were offered Decatur people in support of the project to buy land for water supply purposes over \$390,000 of the bonds were taken. The project is larger than the one in Jacksonville, but the plan of finance is very similar to that so successfully used in Jacksonville. In fact it is remembered that a Decatur attorney came to this city to look up the facts about the finance plan used.

**WELCOME THE YOUNG PEOPLE.**  
The district basketball tournament which opens today will bring scores of young people to Jacksonville. The number of teams entered is not quite so large as heretofore on account of redistricting, but the number of visitors will probably be just as large as before. Because of so many schools and colleges, young people have a larger part in the life of this city than they do in some others, and too many courtesies cannot be extended the visitors.

The lack of a coliseum prevents Jacksonville from becoming conspicuous as a convention city, but it has the opportunity for development along school and college athletic lines, and such development is well worth while. The interest of citizens generally in school and college sports has increased steadily with the years and that fact accounts for the general public interest there is today in the district tournament.

**WHAT CO-OPERATION MEANS.**  
They say that co-operation resulted in the evident success of the Jacksonville automobile show and that is a fact. But when you consider the question you will find that co-operation is basic in every success. The individual life which recognizes its dependence upon others is the most successful. In business it is the same thing and the man who fully appreciates the interdependence of people gets the correct summary of facts and conditions.

It is as people grow older and wiser that they come to a clearer understanding of the need of co-operation and the fact that good results come only as one man realizes the rights and capacities of the other—as one class understands the abilities and the need for the other. This fact of the need for co-operation is after all just another bit of evidence of the truth, spoken so long ago, that "no man liveth unto himself alone."

### AUTO SHOW FOR NEXT YEAR IS ASSURED

**AUTOMOTIVE MEN NAMED COMMITTEE FOR 1922**

**Will Co-Operate With Merchants In Arranging Second Annual Exhibit—Plans Considered at Luncheon Held Wednesday.**

The success of this year's automobile show and merchants' exposition has been so distinct that already plans are under way for a like event in 1922. At a luncheon of the automotive dealers and a number of friends held at the Dunlap hotel Wednesday noon this was decided upon and President Claus of the association was authorized to appoint a committee including himself which is to co-operate with a committee representing the merchants in planning for next year's show. There is no doubt that the exhibit this year has set a high standard but the auto dealers and merchants are hoping that even the good record of 1921 may be surpassed.

After a splendid luncheon had been served President Claus made a brief statement in which he referred to the success of this year's exhibit, as due to the hearty co-operation of the dealers, the leadership of Mr. Wilkinson and the support given by the public and the press. The fact that a large display building was available also referred to as a large factor in the success of the exhibition.

Then came a number of informal talks. Felix E. Farrell was introduced as a banker and long time automobile man, and referred to the large contribution that the automotive industry has made to the business life of Jacksonville and Morgan county. Mr. Farrell is a veteran automobile man because he was not only one of the earliest car owners here but was the first Jacksonville man to receive a car-load shipment.

W. E. Sullivan, the president of the Morgan County Good Roads Association, was the next speaker. He said that good roads interests are closely related to the automobile industry and that it would be his hope for the association to this year do something substantial in the line of good roads work.

Mr. Wilkinson in a complimentary way was the man most largely responsible for the success of this year's exhibit. Mr. Wilkinson said he had never worked in a city under more agreeable circumstances and that the success of the show was due to the hearty co-operation that he had received.

T. M. Tomlinson confessed that he had in the beginning not a great deal of faith in the size of this year's exhibit, but said after he had talked to Mr. Wilkinson and had come into touch with the preparations that were made, that he soon found his error. He said that the success of the show was just another example of what can be accomplished through real co-operative effort under the right leadership.

George T. Lukeman and William McNamara, who were among the new members of the association, spoke briefly of the industry and their interest in the exhibit. Among the visitors called upon were James L. Elliott of the Willys-Knight Co., Springfield; F. J. McShane, Jr., Chicago, representing the Liberty Co.; K. N. Snyder of the Goodyear Co.; I. A. Murphy of the Nash Motor Co.

J. G. Berger said that he believed it was not too early to start an organization for next year and made a motion with a second by Charles M. Strawn that a committee of five including the chair be appointed to begin arrangements for 1922 and to co-operate with the merchants of Jacksonville. The chair appointed on this committee: J. G. Berger, Charles M. Strawn, L. E. Deppe and R. W. Blucke.

Those in attendance at the luncheon were as follows: W. E. Sullivan, J. F. Claus, John H. Wilkinson, Vernon Roxroat, A. E. Winkle, Virginia, F. J. McShane, Jr., Chicago; J. G. Berger; James L. Elliott, Springfield; L. R. Craig, H. T. Conley, Charles M. Strawn, Ralph Withee, S. W. Babb, R. W. Blucke, Gay Hutson, E. G. Saye, D. N. James, C. H. James, George Lukeman, Oran H. Cook, L. E. Deppe, I. A. Murphy, William R. Wilkinson, H. B. Clark, Peoria; Fred J. German, William McNamara, K. N. Snyder, Howard Zahn, F. E. Farrell, T. M. Tomlinson, E. A. Olds, W. A. Fay, J. W. Walton.

The younger fellows are wearing small shape hats this season. FRANK BYRNS Hat Store shows these shapes in various desirable colors and prices.

**JUDICIAL CONVENTION**  
Charles G. Briggie, chairman of the Sangamon county Republican committee, has issued a call to chairmen and secretaries of the Republican county committees throughout this, the 7th judicial district, to meet next Monday at the Leland hotel in Springfield for the purpose of fixing the date for holding the judicial convention. The visiting chairmen and secretaries will be guests at a luncheon and an informal discussion relative to convention affairs will follow.

**ATTEND STATE MEET**  
Sessions of the Illinois Sportsmen's association convention, held in Springfield, were of great interest, according to the view of the Morgan county men who attended. F. L. Sharpe was appointed a member of the committee on legislation. The evening dinner was a very pleasant social event. As already stated, this association has as its members who are interested in the protection and conservation of game and fish. The local committee on membership has already secured 150 names.

### WINCHESTER WOMAN'S CLUB DEPARTMENT MET

**Household Science Department in Regular Meeting at Home of Miss Caroline McLaughlin—Other Winchester News Notes.**

Winchester, March 9.—Members of the Household Science Department of the Woman's club held a regular meeting at the home of Miss Caroline McLaughlin Wednesday afternoon. Dr. William O'Reilly made an address on "Child Feeding," and afterward a business session was held, together with the election of officers. The following were chosen: Chairman—Mrs. David Hahn; Vice Chairman—Mrs. W. E. Collins; Secretary—Mrs. Clara Burroughs; Treasurer—Mrs. Charles Coulton.

Delicious refreshments were served during the evening by a committee, including Mrs. Arthur Markillie, Mrs. Lou Friesen and Miss Caroline McLaughlin. Mrs. David Hahn and her daughters, Misses Dorothy and Madeline, visited relatives in Chicago this week.

The ladies of the Methodist church will serve their annual chicken supper Thursday evening at 5:30 o'clock. Mrs. Albert Hamilton and daughters returned Wednesday to their home in Beardstown. They were called here by the death and funeral of the late Ivan Smithson. Harry Webb, of Wood River, was a visitor in Winchester this week.

### OTTO SPIETH OWNS STORE BUILDING

**Purchases Property on West Side Now Occupied by A. Wehl.**

The real estate records show the purchase, by Otto Spieth and Mrs. Eva Wells, et al., of a store building on the west side of the west side of the public square, now occupied by A. Wehl. The building is under lease to Mr. Wehl, who will continue its occupancy at least for four years. Mr. Spieth is making the purchase because he believes in the future of Jacksonville and is desirous of owning a building on the public square.

The building which Mr. Spieth has purchased was erected in 1892. It is so constructed that with comparatively slight remodeling it will be suitable for a photograph studio. If Mr. Spieth desires to use it as such. Mr. Spieth has been a Jacksonville photographer for thirteen years. Two brothers, Fred Spieth, now located at Olney, and William Spieth, of Centraia, are also studio owners.

Guests tickets for the lecture under the auspices of the Woman's Club in Odd Fellows Temple Saturday afternoon are 50 cents and may be secured at the door.

### WITH THE SICK

Captain F. C. Taylor has been ill for a number of days at his home on East State street, but is now improving. Edwin Cosgriff, who is ill at his home on West College street, is improving.

Mrs. Henry Huddleston of Merritt is visiting her sister, Miss Hattie Berry of Koscusko street.

### I. C. ALUMNI FUND REPORT IS MADE

**Organization Has Collected \$27,000 for the College—President Edward Capps Gives Interesting Facts in Statement.**

The ninth annual report of the board of directors of the Illinois College Alumni Fund association has recently been issued. As usual, it is a document that will be of considerable interest to all alumni and former students of "Old Illinois." The Alumni Fund association has now been in existence nine years and during that time has collected over \$27,000.

In addition to the aid which the association has given on annual college expenditures it has established a permanent alumni fund endowment now amounting to \$14,200. The membership of the association totals 484. Edward Capps '87, the chairman of the association, refers in his report as follows to the endowment campaign of the college: "The Alumni of Illinois College, having thru this organization given convincing evidence of their loyalty and willingness to sacrifice something for the prosperity of their alma mater, rejoice today that the trustees and president of the college have made such splendid progress with the campaign for the new endowment and library fund of half a million dollars."

"The subscription by alumni citizens of Jacksonville, and friends of such liberal Christian education as Illinois College has given for approaching one hundred years, of an amount already larger than was ever at one time raised before, is in itself a notable event; but the gift of \$125,000 by the general education board of New York, conditioned upon the raising of the rest, is an endorsement of the work and standing of the college which fills the heart of the alumni with pride and gratification."

We have always, in our instinctive loyalty, believed that the faculty of today was as good as that of yesterday; but now we know, on the best authority, that our confidence has not been misplaced. The Alumni fund claims a part in the courageous movement for a Greater Illinois College. The directors have assured President Ramsdellkamp that he could count upon the fund for \$20,000 toward his new endowment. We hope that we shall be able to do still better than that."

The report contains obituary sketches of 10 members who have died during the year: Thomas J. Pitner '62, James S. McClung, '63, William Finley Brown, ex '73, Charles S. Rannels '79, Arthur G. Thome, '80, George Edgar Leslie, ex '83, Frank Read, Jr., '88, George Turner Meacham, ex '91, Lawrence Milligan, '97 and John Noble Carter, ex '99. Permanent In Memoriam Memberships were established during the year for George W. Moore '56, Hugh Monroe Wilson '57, and Percy Garrison Capps '90. There have now been established in this association 48 of these In Memoriam Memberships which constitute a fine recognition of the prominent alumni of the College.

### FOREIGN WAR VETS PLANNING BANQUET

**Members of Harrison A. Dickson Post No. 503 Veterans of Foreign Wars are planning a banquet to be given at the Peacock Inn on Wednesday evening, March 16.**

The banquet is for foreign war veterans only and it is expected to have them present from all parts of the country. The banquet will be held at 7 o'clock and tickets are \$1. Horace H. Bancroft will be toastmaster for the speech making to follow the banquet. The committee in charge promotes a meeting full of "pep" without a dry moment. If an overseas man misses this event he will miss the biggest thing that has been pulled off around here for some time.

**ALEXANDER**  
Mrs. Ernest Strawn of Jacksonville was an Alexander visitor Wednesday. Mr. and Mrs. W. J. Kumble were the guests of friends in Jacksonville Wednesday. Joseph Kumble of Jacksonville was a business visitor in Alexander yesterday.

## CITY AND COUNTY

L. G. Crouse came to the city  
yesterday on business from Mur-  
rayville.

A. McNeil was among the Sin-  
clair people in the city yesterday.  
Fred Hall of Springfield was at-  
tending to business interests here  
yesterday.

L. D. Sibert and William Sooy  
have returned to the city after  
spending several days in Chicago  
on business.

Miss Rose Flynn of Murrayville  
spent Wednesday in the city call-  
ing on friends.

Miss Kate Boyd of Rockford is  
spending a few days in the city  
visiting relatives.

William Bourn was a Tuesday  
visitor from north of the city.

John Herriford was a Wednes-  
day caller from Savage Station.

O. G. Bourn of Greenview, Ill.,  
attended the Auto Show yesterday.

Leonard Shelton of Nortonville  
was in the city for a visit Wednes-  
day.

H. M. Rothrock, J. A. Bassard  
and E. Dunkelmeier were visitors  
at the Auto Show from Peoria yes-  
terday.

William Douglas came to the  
city on business from Franklin  
Wednesday.

C. A. Rousey called in the city  
yesterday from Murrayville.

Mrs. R. V. Gibson from west of  
town was a local shopper yester-  
day.

Miss Inez Werries of Chapin  
called on friends in the city Wed-  
nesday.

Mrs. Sadie Dildine of St. Louis  
is visiting at the home of her sis-  
ter, Mrs. W. A. Wesner in Murray-  
ville. Mrs. Dildine is recuperat-  
ing from the effects of a serious  
auto accident of which she was a  
victim recently in St. Louis.

Mrs. Richard Loneragan and  
daughter were among the city vis-  
itors from Murrayville Wednes-  
day.

W. A. Diller was added to the  
list of visitors from Chicago Wed-  
nesday.

Mr. and Mrs. L. A. Reed of Pis-  
gah were visitors at the Auto Show  
yesterday.

Thomas Ryan was a city guest  
from Franklin yesterday.

J. W. Farrell, F. F. Coon and  
R. A. Riller were here on business  
from St. Louis Wednesday.

William Hills was up to the city  
from Franklin yesterday.

F. L. Warrington of Rushville  
made a business expedition to the  
city yesterday.

M. Hoffman was a St. Louis  
visitor in the city Wednesday.

Prince Coates was a visitor at  
the Auto Show from Lynnville yes-  
terday.

Edward Barrows was among  
those who called in the city from  
Woodson yesterday.

A. M. Nevins of White Hall  
spent Wednesday in the city on  
business.

Mr. and Mrs. George Swain from  
the vicinity of Sinclair were city  
shoppers yesterday.

Mr. and Mrs. Thomas Smith were  
city guests from the Asbury neigh-  
borhood Wednesday.

Clyde Sturdy paid city mer-  
chants a visit at the Auto Show  
Wednesday, from Lynnville.

Fred Burch was a Wednesday  
representative from Franklin.

Mr. and Mrs. John Fernandes  
returned to their home in St. Louis  
yesterday after attending the fun-  
eral of the former's sister, Mrs.  
Carrie Ball.

Roy McClain was a Wednesday  
visitor at the Auto Show from  
east of town.

Mr. Hatcher of Concord called in  
town yesterday.

Isaac Daniels of Franklin was  
among the county seat visitors  
Wednesday.

Lee Bryant was a city arrival  
from east of town yesterday.

Floyd Flynn from east of town  
paid city friends a call yesterday.

A. E. Curry represented Pis-  
gah in town Wednesday.

Austin King from the vicinity of  
Murrayville transacted business  
with local merchants Wednesday.

E. Virgin was a representative  
from Woodson yesterday.

Stanfield Baldwin from north  
of town transacted business with  
city merchants Wednesday.

B. W. Sorrells of Woodson was  
added to the list of city visitors  
yesterday.

A. C. Winkle was in the city  
from Virginia Wednesday.

Riley Spainhower was up to the  
city from Pisgah yesterday.

James Dobyns represented Or-  
leans in the city Wednesday.

Will Flynn of Murrayville trans-  
acted some business here yester-  
day.

Miss Betty Eyre was among city  
guests from Alexander yesterday.

William Kastrup, C. J. Dickens  
and George Vasconcellos are in  
Chandlerville for a few days in  
the interest of the Clover Leaf  
Company.

Miss Dovie Corrington of Alex-  
ander called on friends in Jack-  
sonville Wednesday.

Mr. and Mrs. L. A. Reed from  
southeast of the city were local  
visitors yesterday.

Roy Larant spent several days  
visiting friends in New Berlin this  
week.

Arthur Swain was a business  
caller in the city yesterday from  
Sinclair.

Howard Yeck of Concord was a  
caller in the city Wednesday.

Mr. and Mrs. Elmer Sooy came  
to the city from Manchester yes-  
terday to do some shopping.

Mrs. John Boddy was a Wednes-  
day shopper from Markham.

Mrs. W. L. Leach and Mrs. Watt  
Leck were local shoppers from  
west of the city yesterday.

## KNIGHTS WIN CLOSE GAME FROM BLUFFS

Defeat Visiting Team by Score of  
25 to 23 — Bluffs Presents  
Strong Lineup and Clean Bunch  
of Players.

Bluff's Independents lost a close  
game to the Knights of Columbus  
five at Liberty Hall, Wednesday  
evening. The game was fast thru-  
out and the final count was 25 to  
23 in favor of the Knights of Co-  
lumbus.

The visitors presented one of  
the strongest lineups seen on Lib-  
erty Hall floor this season. Sev-  
eral of the players were members  
of the Bluffs High School team,  
last year, and used to working to-  
gether. As a result they kept the  
local tossers on their toes all the  
time and made them work hard  
for victory.

It was one of the cleanest  
games ever played at Liberty Hall.  
The bluff players were good  
sportsmen, and while they played  
hard, they never tried any rough  
stuff and won great favor with the  
spectators.

For the visitors Thompson and  
Lankford were the stars and  
scored most of the points for  
Bluffs. Knoepfel and Castle did  
excellent work at guard for Bluffs.  
Carson was the high point scor-  
er for the Knights, the every man  
on the team broke into the scor-  
ing column. Woulfe and Clancy  
did some fine guarding for the  
Knights and found in Thompson  
and Langford two forwards hard  
to stop.

The score: FG. FT. Tls.

FINE EXHIBIT AT DR.  
STRAWN ART HOME

The Art association of Jack-  
sonville has now ready for exhibition  
at the Dr. David Strawn Art  
Home a beautiful collection of  
textile fabrics for home decora-  
tion, sent out by the American  
Federation of Art and the Metro-  
politan Art museums of New  
York.

The exhibit is composed of  
printed tapestries, roller printed  
and hand blocked, American,  
English, Swiss and French de-  
signs in cretonne and others of  
various kinds.

The exhibit will open to the  
public Thursday afternoon and  
continue for one week, every af-  
ternoon and evening. It will also  
be open Sunday afternoon but not  
evening. A welcome to all and  
no admittance charge.

MINNETONKA COUNCIL  
CONFERRED DEGREE  
Minnetonka Council, No. 71,  
Degree of Pochontas, conferred  
the degree of the order on four  
candidates at the regular meet-  
ing held Wednesday evening.

Those taking the work were:  
Hattie Jackson, Della Balsley, Ed-  
ward Roberts and Esther McFarland.  
Following the work refreshments  
were served and some time en-  
joyed socially.

CHAPIN INDEES WIN  
FROM FRANKLIN FIVE

The Franklin Indees were de-  
feated by the Chapin Indees in  
the old opera house at Chapin  
Wednesday night, the score was  
8 to 10. No fouls were called dur-  
ing the game. Reed was the star  
player for Franklin while Flynn  
and Anderson starred for Chapin.

The score: FG. FT. Tls.  
Chapin: 8 0 0  
Delos, f. . . . . 2 0 4  
Anderson, f. . . . . 2 0 4

Famous Old Recipe  
for Cough Syrup

Easily and cheaply made at home,  
but it beats them all for  
quick results.

Thousands of housewives have  
found that they can save two-thirds  
of the money usually spent for cough  
preparations, by using this well-  
known old recipe for making cough  
syrup. It is simple and cheap but it  
has no equal for prompt results. It  
takes right hold of a cough and gives  
immediate relief, usually stopping an  
ordinary cough in 24 hours or less.

Get 2½ ounces of Pinex from any  
druggist, pour it into a pint bottle,  
and add plain granulated sugar syrup  
to make a full pint. If you prefer,  
use clarified molasses, honey, or corn  
syrup, instead of sugar syrup. Either  
way, it tastes good, keeps perfectly,  
and lasts a family a long time.

It's truly astonishing how quickly  
it acts, penetrating through every air  
passage of the throat and lungs—  
loosens and raises the phlegm,  
soothes and heals the membranes, and  
gradually but surely the annoying  
throat tickle and dreaded cough dis-  
appear entirely. Nothing better for  
bronchitis, spasmodic croup, hoarse-  
ness or bronchial asthma.

Pinex is a special and highly con-  
centrated compound of genuine Nor-  
way pine extract known the world over  
for its healing effect on membranes.  
Avoid disappointment by asking  
your druggist for "2½ ounces of  
Pinex" with full directions and don't  
accept anything else. Guaranteed to  
give absolute satisfaction or money  
promptly refunded. The Pinex Co.,  
St. Wayne, Ind.

Black Silk  
Stove Polish

is not only most economical, but it gives a bril-  
liant, shining finish to all polished metal.  
It is the best for black silk, silver, brass,  
copper, and all other polished metal. It  
does not scratch, and it is the only  
polish that will not run off. It is the  
only polish that will not run off. It is the  
only polish that will not run off.

Don't forget—when you  
want more polish, be sure to  
ask for Black Silk. It's the  
only polish that will not run off.  
It is the only polish that will not  
run off. It is the only polish that  
will not run off.

The Original All-Record Phono-  
graph Without Attachments

Such is The Brunswick,  
and part of its fame is  
due to this innovation.  
Until the coming of this  
noted instrument, most  
Phonograph owners had to  
be content with a one re-  
cord instrument. Bruns-  
wick made this idea out  
of date.

There has been many  
attempts to equal The  
Brunswick, but devices  
and attachments never  
bring the desired result.  
The Ultona is part of The  
Brunswick inbuilt, and it  
plays every record at its  
best.

Another exclusive feature  
is The Brunswick Tone  
Amplifier, built entirely  
of wood; it has no cast  
metal throat, as is usual.

Brunswick  
PHONOGRAPHS AND RECORDS

This scientific Tone Amplifier, built according to acoustic  
laws, gives truer, richer tone. It reveals hitherto lost  
shadings.

Hear The Brunswick before you buy a Phonograph. Note  
its unequalled tone, its superb cabinet work, its many bet-  
terments. You will hardly believe all the good things  
they say about Brunswick's, until you see for yourself.

## CHILEAN INDIAN CHIEF MAKES HIS DEBUT IN OPERA

Appears in Leading Role  
With Metropolitan  
Company

## FIRST OF HIS RACE TO ACHIEVE SUCH FAME

NEW YORK, March 9.—The  
drama between unmelodious In-

dian war whoops and the smooth strains of operatic singing was bridged tonight when Chief Caupolican, a native Araucanian Indian of the Chilean Andes made his debut with the Metropolitan company in the leading role of "The Polish Jew."

The stentorian voice of his Indian father and the musical appreciation of his French mother have been blended into an operatic baritone of rare richness, personified in the Indian chieftain, said to be the first of his race ever to have come to this pinnacle of vocal development.

Chief Caupolican's grandfather was the chief conductor of the jangling orchestra of primeval Indian instruments in the foothills of the Chilean mountains. At that time according to custom his son—Caupolican's father—was adopted by a French family and was taught the customs of the white man. When he grew up he married the daughter of the French family, the Indian solemnly promising to forsake the traditions of the tribe.

After a son, Caupolican—was born, however, the old chieftain died. The tribe mourned and would not be comforted until his only son—Caupolican's father—promised to come and be their chief leader. Finally, reversing his promise to his French wife, he consented.

The mother took the little son, Caupolican, back to southern

France, where his vocal agility was developed and later he visited his father's tribesmen in Chile. He afterwards became a sailor, saving money enough to come to New York to study. He was "discovered" here by a member of the Metropolitan opera company.

## CHARLES DE SILVA IS HOLDUP VICTIM

Two Men Stick Him Up West of  
Reynolds Mortuary and Relieve  
Him of \$19 — Asked Him  
Where the Rest of It Was.

Two highwaymen staged a daring holdup in West State street early this morning when they forced Charles DeSilva, proprietor of a restaurant, to throw up his hands and be relieved of \$19.

Mr. DeSilva left his place of business at 1 a. m., and started for home. As he reached the Reynolds Mortuary two men stepped out from the west side of the building and one of them placed a gun against DeSilva's side, and uttering an oath, told him to "put them up." DeSilva responded quickly. While one bandit held the gun against DeSilva the other went thru his pockets. After searching DeSilva one the men asked:

"Where's the rest of it?" DeSilva replied that they had all the money he carried. The gunman ordered DeSilva to keep his hands up and backed thru toward Morgan street, passing by the home of Dr. F. M. Rule.

Mr. DeSilva returned to his place of business and called Captain Elliott of the night force. Officers Earl Williams, Walter Taylor, Sergeant James Trahey and Motorcycle Policemen Henderson responded with Captain Elliott and a thorough search of the man was made.

Mr. DeSilva gave the police a description of the men. He said the man that held the gun on him was tall and wore a cap, while the fellow that went thru his pockets was short and wore a slouch hat.

The men threw Mr. DeSilva's keys on the sidewalk and told him he could pick them up after they got away.

**BIG LAWSUIT COMPROMISED**  
Paris, Ill., March 9.—Drusilla Williams, suing as a common law wife to recover the \$350,000 estate of Douglas Hayes, who died June 21, 1920, today compromised with the heirs on \$20,000, each side to pay its own costs. The compromise came after fifty witnesses had been examined.

## ALL IS QUIET IN ZONE OCCUPIED BY TROOPS OF ALLIES

No Untoward Incident Has  
Occurred Since Oc-  
cupation

## SOME SULLEN GROUPS HAVE BEEN DISPERSED

(By The Associated Press)

DUESSELDORF, March 9.—Twenty four hours have passed since the allied troops marched into the new zone of occupation. No untoward incident has occurred and General Degoutte, in command of the occupation has returned to Mayence.

One could almost say that our arrival is the fulfillment of a long cherished hope, commented a high allied officer today. The workers show no sign of dissatisfaction. Socialist leaders say the army has promised to respect their organizations; that is all they ask. If the army rids them of the hated "green devils" as the state police are called, they promise to live on the best terms with it.

At Duisberg and Ruhrort a certain ferment is apparent. The walls are plastered with placards headed with the red flag. The soldiers had occasionally to disperse sullen featured groups, but it seems merely a passing show of ill humor.

## GIVE TOTAL WHEAT AREAS FOR 1921

Washington, March 9.—The total area sown to wheat in France for the 1921 harvest was 12,138,000 acres or an increase of 6.8 per cent over last year and 8.3 per cent over the preceding five years average according to the report to the department of agriculture today from the International Institute of Agriculture at Rome.

In British India the area sown to wheat for this next harvest was 23,352,000 acres or 23 per cent below the 1920 area.

## WANTS WORLD FIGHT AGAINST COMMUNISTS

London, March 9.—The Kronstadt government has issued a proclamation to the world workers to begin a fight against the communists, according to a Helmsinger's despatch. Early reports from Petrograd say soviet officials are ready to leave at any moment and that the soviet war minister, Trotsky, had ordered the arrest of the staff of the Estonian legation.

Rev. George Stickney Asked to Ac-  
cept Pastorate of Congrega-  
tional Church.

At a meeting of the membership held at the Congregational church, Wednesday night, the report of the committee on pulpit supply was heard. This report was made thru R. W. Woolston, as chairman, and the committee was unanimous in recommending that the church call as pastor Rev. George Stickney of Appleton, Wis. Rev. Mr. Stickney filled the pulpit of the church Sunday and spent Monday in the city with the church members and in discussing various phases of church work.

The congregation heard the report of the committee with interest and by unanimous vote determined to extend the call to Mr. Stickney. It is expected that he will accept, but no definite announcement can be made until a message is received from the young minister.

The committee on supply included R. W. Woolston, Dr. Grace Wevey, Mrs. Frank J. Heintz, Miss Frances Wood, H. M. Capps, G. H. Scott and Earl M. Spink.

## SUPREME COUNCIL MET WEDNESDAY

London, March 9.—(By A. P.) The allied supreme council met at the official residence of the prime minister, Mr. Lloyd George, in Downing street, this afternoon, to consider application of the penal-ty of Germany for non-fulfillment of her reparations obligations.

The members took note that Duesseldorf, Duisburg and Ruhrort had been occupied Tuesday without incident and compared notes regarding the action to be taken on the second penalty, namely, the imposition by such allied country of such a tax on German imports as it may deem fitting.

## BELGIAN BILLIARDIST TAKES LEAD IN MATCH

Detroit, Mich., March 9.—Eduard Horemans, European 18.2 balk line billiard champion, went into the lead in his 3,600 point match with Welker Cochran, of St. Francis, this afternoon, when, in the fifth block, he made the biggest run he has scored since coming to this country—297 points. Cochran was leading by 280 points when play began, but Horemans' high run, with others of 50, 132 and 97, enabled the Belgian, in spite of a run of 131 by Cochran, to lead at the conclusion of the block, 1,500 to 1,368.

## HAYS USES TAXI WHEN HE WANTS SPEED

Washington, March 9.—Postmaster General Hays taxes about in a cab when he's in a hurry. When he arrived on the job as chief mail man he found only a carriage and pair provided as his official conveyance, the turnout being well known thru eight years of use by former Postmaster General Burleson. An almost forgotten row in congress left no other charter to the department head, and while other cabinet officers may limousine, cabriolet, sedan or otherwise motor about, Mr. Hays taxis when he wants speed.

## ROBERTS KNOCKS OUT GUNBOAT SMITH

New York, March 9.—Al Roberts of New York knocked out Gunboat Smith of California in the tenth round of a twelve round match here tonight. Roberts weighed 182½ pounds and Smith 178.

Roberts fought cautiously apparently contented with outpointing the westerner. In the ninth Smith was forced to take a count of seven and when he answered the bell for the tenth round, Roberts smothered him rights and lefts.

## ALASKAN PIONEER SUFFERS ASPHYXIATION

Los Angeles, March 9.—Mrs. Mary E. Hart, 45, former Alaskan gold miner, author and lecturer was found dead today in a gas-filled room of a residence where she was visiting. The police said they believed Mrs. Hart ended her life in dread of an operation.

Mrs. Hart went to Alaska in the early days of the gold rush and wielded a pick. Later she organized 30 women's clubs and was appointed commissioner from the territory to the Seattle-St. Louis and San Francisco expositions.

## SAW MILL EMPLOYEE SUFFERS INJURY

Kankakee, Ill., March 9.—Willard Bagby, 20, was injured when a board being planed in a saw mill flew back and struck him. Bagby's ribs were smashed and he was injured internally.

## JACKSON TO FIGHT ROCKY KANSAS

New York, March 9.—Tex Rickard announced tonight that Rocky Kansas and Willie Jackson, lightweights, had been matched for a fight here in a 15 round bout on March 17. Jackson was substituted for Benny Leonard, lightweight champion, who is ill with influenza.

## YOUNG CHANEY SHADES KID BANDY

St. Louis, March 9.—Andy, "Young" Chaney of Baltimore, was given the newspaper decision over Kid Bandy of St. Louis in an eight round bout tonight. They are featherweights.

## MOTHER'S FRIEND

For Expectant Mothers  
USED BY THREE GENERATION

WHITE P.L. BOOKLET ON "OTHERHOOD AND BABY," BY  
BRADFIELD REGULATOR CO. DEPT. 9-C ATLANTA, GA.

## CROSSING WATCHMAN MEETS DEATH WHEN TRAIN JUMPS TRACK

Is Crushed by Overturned  
Box Car of Traction  
Freight Train

## ALTON PASSENGER CRASHES INTO FREIGHT

EAST ST. LOUIS, Ill., March 9.—Spencer Daniels, 62, a crossing watchman, was crushed to death by an overturned box car at 7 o'clock tonight, when a Chicago & Alton passenger train from Springfield for St. Louis jumped the track and crashed into an Illinois Traction System freight train at Venice, five miles north of here.

No passengers were reported injured and the trainmen also escaped. E. A. Atkins and R. E. Locker, both of Springfield, were engineer and fireman, respectively of the passenger train.

The freight was stopped at the crossing on account of a break in the train line and Daniels had gone between the cars to cut off the air. The passenger train coming thru Venice at a speed estimated at 35 miles an hour struck a derail set against it and left the track hitting the freight and overturning two box cars, catching Daniels underneath.

## SIX INDICTMENTS ARE RETURNED

Paris, Ill., March 9.—Glenn Forman alleged to have carved his initials on the breast of Mrs. Harry Rogers was named today in six indictments returned by a special grand jury impaneled by Judge Farlow to investigate the charges.

Assault with a deadly weapon, assault with intent to kill, false imprisonment, kidnapping and a statutory offense are among the accusations named. Mrs. Rogers did not appear.

## URGE FREE TOLLS AMERICAN VESSELS

New York, March 9.—Congress was urged to exempt American vessels in the coast to coast trade, from tolls in passing thru the Panama canal, in a resolution adopted here today by the New York Board of Trade and Transportation.

Hammond Talbot, vice-president of a steamship company declared that one American Steamship company was obliged to pay \$250,000 in tolls last year in a canal built by American money.

## PRIVATE HOUSES BURNED IN IRELAND

Carrick on Shannon, Ireland, March 9.—A number of private houses and other buildings were destroyed by fire or explosives here tonight. The incendiarism was carried out by armed men, presumably in reprisal for the recent embusade.

## ELKS CHOOSE NEW LIST OF OFFICERS

Election Held Wednesday Night  
By Local Lodge of B. P. O. E.

At the meeting of the Elks lodge, last night, the annual election of officers was held, resulting in the choice of the following:  
Exalted Ruler—P. D. Moriarty.  
Leading Knight—H. L. Caldwell.

Loyal Knight—G. H. Timmons.  
Lecturing Knight—J. Richard Reynolds.  
Secretary—E. P. Alexander.  
Treasurer—M. W. Osborne.  
Trustee—F. L. Sharpe.  
Delegate to Grand Lodge—T. C. MacVicar; alternate, George Orear.

Following the business session came a social hour, with refreshments and an excellent musical program was given by the Dunlap orchestra.

## SEAPLANES REACH BARTHOLOME BAY

San Francisco, Calif., March 9.—Six naval seaplanes of the group making the flight from Panama to San Diego have arrived at Bartholome Bay Lower California according to a message received today by naval radio. The message said that one airplane was being towed by the Destroyer Bulmer to Hipolito Bay to change her motor gear.

## FUNERAL IN MASON CITY

The funeral of Charles H. Roll, a well known farmer, was held at Mason City yesterday. Rev. Geo. T. Wetzel, of this city, went to Mason City to assist the pastor, Rev. J. L. Woolfath, in conducting the services.

## New Strength and Energy For the Weak and Aged

To be strong, vigorous and active you must have plenty of good, rich, red blood of the kind that organic iron—Nuxated Iron—helps make. Nuxated Iron is like the iron in your blood as like the iron in spinach, lemons and apples, which metallic iron is iron just as it comes from its action of strong acids on small pieces of iron. Over 4,000,000 people annually are using Nuxated Iron. It quickly helps make rich red blood, revitalizes worn-out, exhausted nerves and gives new strength and energy. At all drug stores. Beware of substitutes. Always insist on having genuine Nuxated Iron.

## NUXATED IRON

For Red Blood Strength and Endurance

## DON'T COUGH

You can stop that distressing cough—stop it quickly and surely. Foley's Honey and Tar is the best known and most successful family cough medicine on the market. It loosens the phlegm and mucous; soothes the raw inflamed surfaces; eases the soreness and gives quick relief. Contains no opiates.

F. G. Prevo, Bedford, Ind., writes this: "My wife left me with a severe cough. I just bought and got so thin it looked as though I would never get well. I tried Foley's Honey and Tar and after taking two bottles, I am now well and back to my former weight."

## PRESIDENT HARDING Takes to the White House a Model 20 Willys-Knight Sedan

With a field of over 300 American-made motor cars to select from, Mr. Harding's final choice was the Willys-Knight, in the identical model which you see pictured below, and which may be seen in reality at the Auto Show Thursday, Friday and Saturday.

Because of its dependability, smoothness of operation, high quality and appointments, the car became an instant favorite with Mrs. Harding, who will take it with her when she moves into the White House.

The fact that the Willys-Knight was Mr. Harding's final choice after carefully looking over the market, is a most eloquent endorsement of its wonderful quality.

## Social Events

## Surprise Party for Granddaughter

Mrs. Ella Harris of 603 South Church street gave a birthday for her granddaughter, Valda Miller, yesterday. The guests spent the time in playing games and refreshments were served.

## To Have Dances During Tournament

There will be dances at the Peacock Inn Thursday, Friday and Saturday nights. These dances are to be put on especially for the young people who are in town for the basketball tournament. Music will be furnished by Dink's orchestra.

## Wednesday Class Hears Spanish Play

Mrs. W. A. Bancroft was hostess to the Wednesday Class yesterday afternoon at her home, on Prospect street. Miss Frances Wood gave a most excellent review and discussion of the Spanish play, "The Great Galeoto," by Jose Echegaray. Afternoon tea was served during the social hour following the program.

## Mrs. Killam Hostess to Liberty Aid

Mrs. Albert Killam was hostess to the members of the West Liberty Aid Society yesterday afternoon at her home on West Lafayette avenue. There was a good attendance, there being sixteen members and two guests present. There was a business session, in which the regular club matters were discussed. Afterwards the members spent a very enjoyable afternoon with music and conversation. The hostess served some dainty refreshments.

## Mrs. Stice Hostess to Pleasant Hour Club

Mrs. Joseph Stice was hostess to the Pleasant Hour Club yesterday afternoon, at her home on North Prairie street. Mrs. George Peck gave an excellent book review and each member answered roll call with a current event. A guessing contest, in which everyone took part, afforded much amusement. The hostess served dainty refreshments during the pleasant social hour which followed the splendid program.

## Brooklyn Ladies Had Birthday Social

The Brooklyn Ladies' Aid Society had the regular monthly meeting and birthday social yesterday afternoon at the home of Mrs. Milton Cordes, South Clay avenue. Mrs. Mary Moon, Miss Nettie Platt and Mrs. Cordes were the hostesses for the day, since their birthdays occurred in March. After a business meeting, in which the work and plans of the society were discussed, the guests enjoyed a pleasant social hour. The hostesses served some very dainty refreshments.

## Woodson Household Science Club Entertained

The Woodson Household Science club was entertained Wednesday afternoon by Mrs. Chester Colton with a good attendance present.

The roll call was responded to by naming an historic picture. Mrs. Howard Henry read an interesting paper, entitled "Spring Session." This short program was concluded with a selection on the Victrola, also a demonstration, "How to Make Lenten Salad," Mrs. Colton. After the social hour a two course luncheon was served, suggestive of St. Patrick's day. The next meeting will be held at the home of Mrs. Nettie Ezard.

## Big Eli Employees Enjoy Banquet and Entertainment

The Big Eli factory was ablaze with light Tuesday evening, when an informal oyster supper and

evening entertainment was held for employees and their families. Over one hundred were in attendance when supper was served at 7:30. The employees, with the assistance of Joshua Vasconcellos as chief cook, cooked and served the luncheon, the ladies and children being special guests of the evening.

Following supper an interesting guessing contest held the attention of all, and Miss Wanda King was the winner, guessing the number of metal pieces in a glass jar. She was presented with a handsome tabourette, the handwork of Harry Sanderlin, of the wood department. Music on the player piano and various games for the enjoyment of the guests, had been previously prepared. A Big Eli wheel was in operation in the wheel erecting room, and a number of the guests enjoyed a ride on this popular riding device.

A short program was effectively rendered at 9:15.

Chalk Talk—Bill Lipsmire. Reading—Mrs. Ben O. Roodhouse.

The History of the Development of the Big Eli Wheel—W. E. Sullivan.

Mr. Lipsmire's ability as a cartoonist made his portion of the program interesting and humorous. Mrs. Roodhouse's reading was of a humorous nature. Mr. Sullivan gave many interesting incidents of the early history of the Big Eli wheel. It was a surprise to some of his hearers to learn that the first Big Eli wheel was built in Jacksonville and first operated on the east side of the public square in this city.

The 1920 Big Eli annual picnic was planned so late last fall that bad weather interfered and the picnic could not be held. The oyster supped the 1920 picnic

and Manager Sullivan promises the annual picnic for 1921 during the week of May 23 (that day being the twenty-first anniversary of the Big Eli wheel). This outdoor gathering will be enjoyed by all.

## Ladies of Zion Church Held Social Wednesday

Group One of Zion church held a social Wednesday afternoon at the home of Mrs. S. A. Bracewell. The hostesses for the afternoon were: Mrs. Lillie Bracewell, Mrs. Nannie Durham, Mrs. May Jordan, Mrs. Ivation Hart, Mrs. Tillie Still and Miss Bess Bracewell.

The affair was in the nature of an Easter social, and little baskets with yellow eggs were presented to each guest. The color scheme was yellow and white and this also was carried out in the refreshments which were served during the afternoon.

The ladies of the church are endeavoring to raise money to equip the church with a new furnace and these entertainments are given from time to time. About thirty-five were present at the meeting Wednesday and the following interesting program was given:

Opening song—By the society. Prayer—Mrs. Jordan. Vocal—Mrs. Minnie Bracewell. Paper—Mrs. Nannie Durham. Piano—Miss Bess Bracewell.

## Pastor's Aid of First Baptist Church Enjoyed Play

The Pastor's Aid Society of the First Baptist church held a regular monthly meeting in the church parlors Wednesday afternoon. Reports were made from the various circles of the society, showing a good condition

in all departments, and every thing in readiness for the bazaar and cafeteria to be held March 19, in the church parlors.

Following is the cast of characters:

Mrs. Obadiah Green a widow who moves to Jacksonville from the south—Mrs. Gertrude Richardson. Penelope, her eldest daughter—Miss Frances Akire. Janelia Anne, her second daughter—Mrs. Hazel Wood Meyers. Babboles, her youngest daughter—Mrs. Ed Young.

Trixie, the maid—Miss Edith Stewart. Bobbie Bobbitt and Buddie Break over, admirers of the two oldest daughters—Mrs. Charles Patrick and Mrs. Walter Mumbauer.

New neighbors and friends of Mrs. Green—Six ladies of the circle, Miss Lillian McGlassen, Miss Mary Laurie Mrs. Sam Ashby, Mrs. Albert Phillips, Mrs. Donna Baird and Mrs. Edward Buck.

Refreshments were served by Circle No. 2 by a committee composed of Miss Elizabeth Stevenson, chairman, Mrs. Joseph Shreve, Mrs. Calvin Rutherford, Mrs. Nettie Fuller, Mrs. T. O. Hardesty.

## Woman's Club of Alexander Meets

The regular meeting of the Alexander Woman's club was held Wednesday afternoon at the home of Mrs. Westley Robertson. There was a large attendance, a number of guests being present in addition to the members.

The program included a paper by Mrs. Maude Reiff on "A Visit to New Orleans," and the discussion of current events was led by Mrs. Joseph Zellar. A number of

musical selections were furnished by Mrs. Ernest Strawn, and altogether it was a very pleasing program. A social hour with refreshments followed the formal program.

## Literberry M. E. Ladies Aid Meets

The Aid Society of the Literberry M. E. church held a meeting Wednesday afternoon at the home of Mrs. Levi Deatherage near Arcadia. The program of the afternoon was in charge of Mrs. Mary Dinwiddie who led the devotional exercises. The society has not met before this year, because of the illness of some of the members and the unfavorable weather conditions which have prevailed at various times during the winter.

The meeting Wednesday afternoon was for the purpose of reorganizing the work and the members are with renewed interest entering into the year's program. Some time was spent in a pleasant social way following the program and at this time Mrs. Deatherage and her daughters served delicious refreshments.

## RETURNS TO MICHIGAN

Mrs. H. C. McCracken, who came to Jacksonville to be present at the Joy-Coby wedding, returned yesterday to her home in Alma, Mich. Mrs. McCracken has been a guest at the home of her mother, Mrs. Mary C. Waggener, on West College street.

## WILL WED IN OWENSBORO, KY.

Miss Emma Ausmus left recently for Owensboro, Ky., where it is understood she is to wed William Joseph. It was at a comparatively recent date Mr. Joseph was playing here with the "A Night in Hawaii" company.

## MATRIMONIAL

## Hart-Sheppard.

George Monroe Hart and Miss Mable L. Sheppard of this city were united in marriage at 9 o'clock Wednesday morning by Justice J. A. Crum at his office in the Unity building. The ceremony was witnessed by Mrs. May Garrison, mother of the bride, and Ben T. Scott.

The groom is a son of Mr. and Mrs. James Hart, and they will make their home in this city.

At noon a family dinner was given in honor of the newly weds at the home of the groom's father and mother, 311 East Washington street.

## ENDORSE PROGRAM FOR INCREASED APPROPRIATIONS

Chicago, March 9.—A resolution endorsing the program of the president and trustees of the University of Illinois for increased appropriations for the ensuing biennium was adopted today by the Illinois Clay Manufacturers' association at their annual meeting, today. The resolution stated that the association had found that the university is in such financial condition that something must be done immediately if it is to continue a first-class institution and give the kind of service citizens demand. The association believes the appropriations recommended amounting to \$5,250,000 per year, are reasonable and necessary, the resolution said.

## TWO SUITS FILED IN CIRCUIT COURT

In the office of Circuit Clerk Wanamaker, yesterday, two cases appealed from justice courts were filed. They are People's Case vs. Eva Gilliland and that of A. J. Hoover against S. F. Birdsell.

## ALL SET FOR THE

## BASKET TOURNEY

## Plans Completed for Annual Event Which Starts Tonight

## Jacksonville Will Meet Springfield Tonight

Everyone at the High school has been working hard the last few weeks to prepare for the tournament which opens here today. The result is that all arrangements are in fine shape.

Accommodations have been secured for all the visitors and when they commence blowing in town there's going to be a hot time around here.

The high school students are getting "pumped up" over the prospects and there will probably be a big turn out at tonight's games when Jacksonville meets Springfield.

These are two of the strongest teams in the district and after tonight's game, the H. S. tossers will be either "in" or "out." Here's hoping they're "in!"

### FIRE STARTS IN UNOCCUPIED HOUSE

Fire, apparently of incendiary origin, called the fire department to the property at 719 East Lafayette avenue Wednesday afternoon at 3:45 o'clock. The blaze, Chief Hunt said, had been started in the stairway and damage to the amount of several hundred dollars resulted.

The property is owned by Edward Haley and was unoccupied at the time of the fire. It is not known whether or not Mr. Haley had any insurance on the property.

Just received, car load of rubber roofing. Before buying anything in this line call and see us. We can save you money.  
**LEWIS-CLARY CO.**

### CENTENARY REVIVAL

Unusual interest is being shown at the revival services now in progress at Centenary church. Twelve were added to the list of converts last night and it is expected that many more will confess their sins before the close of the meeting. Norman Campbell assisted with the music service Wednesday evening. Rev. Gundy is proud to note the success of the meeting.

### ROUT SENIORS GET RINGS

The Senior class at Rout college High received the class rings yesterday. They are classy looking rings with the seal of the class of '21 engraved on them. There are about thirty members in this year's class and needless to say since their rings have come, no one is "in it" with the Seniors.

### CONCERT POSTPONED

On account of illness the voice recital announced for Monday evening, March 14, by Miss Louise Miller of the faculty of the Illinois Woman's College, has been postponed and will be given at a later date.

### MRS. JOHNSON'S WILL IS PLACED ON RECORD

The will of the late Mrs. Mary Johnson has been filed in the office of County Clerk Riggs. This will was made in November, 1920, and names the Farmers' State Bank & Trust Co. as executor. The witnesses to the signature were J. M. Butler, Leta Groves and Elsie Osterholt. Mrs. Johnson names the Farmers' State Bank & Trust Co. as executor.

Mrs. Johnson provided for the payment of debts and funeral expenses from her insurance money and any money left from the policy is to be divided among her grandnieces and nephews, Margaret, Helen, Florence, Hazel, Walter and Homer Stone.

The sum of \$100 is bequeathed to her nephew, Harry Stone, and \$100 to her sister, Mrs. Phoebe Martin. The balance of the estate is to go to Charles W. Kirk, nephew of the testatrix.

### WHITE SOX PLAYERS WANT EARLY TRIAL

Chicago, March 9.—Attorneys who will defend the White Sox baseball players accused of throwing the 1919 world series, tonight said they would oppose a further postponement of the trial scheduled to begin Monday.

This was in reply to a report that attorneys for the prosecution would ask on Monday Judge Weaver, who will preside, grant a six months continuance. "The players," said Attorney Benedict Short, one of their defenders, "are eager to get the case to trial. Their attorneys will oppose any postponement."

### TENNESSEE MAN NAMED BY DAUGHTERY

Washington, March 9.—Appointment of James A. Fowler, of Knoxville, Tenn., as special assistant to the attorney general, was announced today by Attorney General Daugherty. Mr. Fowler, formerly an attorney general under General Wickersham, it was explained, will assist Mr. Daugherty in effecting the reorganization of his department as may be found necessary.

## EVERYTHING READY FOR BIG TOURNEY

Two Games Tonight, Nine Friday and Five Saturday. Provided for in Schedule—Murrayville Team Has Good Season's Record.

Nothing remains to be done now in the line of preparation for the district basketball tournament which is to open tonight. Principal Shafer of the Jacksonville high school is the manager of the tournament and he and his assistants have overlooked nothing in their preparations and a record attendance is expected. Mr. Shafer announced yesterday that he had secured as additional officials Coach Harmon of Illinois College, who will serve as time keeper and J. E. Cully, also of the college, who will be the scorer.

This evening at 6 o'clock principals of the various schools and the team coaches will meet with the tournament officers to outline any necessary floor rules.

The opening game tonight will be between Pawnee and Petersburg. Then will come the contest which is of tremendous local interest, as Jacksonville will be matched with Springfield. There will be three games at each session Friday, two Saturday morning and two Saturday afternoon and the championship game at night. If it should be decided to name the team entitled to third honors a second championship game will be necessary Saturday night.

### The Murrayville Team.

There is a good deal of local interest in the Murrayville high school team. The team has made an excellent season record, with 18 winnings out of a possible 21. Six of the contests were at home and 18 elsewhere. During the season Murrayville has scored 754 points by comparison with 363 for their opponents. Up to January 1 the team was handicapped because no practice hall was at its disposal, but subsequently the action of the Murrayville board and residents there remedied this defect.

The Murrayville players are in good form and average in weight 147 pounds. The players are: Jones, L. No. 1. Kennedy, L. No. 2. Short, L. No. 3. Riggs, G. No. 4. Covey, L. No. 5. Hull, G. No. 6. Hull, G. No. 7. Clark, G. No. 8.

## ART DIRECTOR WILL MAKE ADDRESS HERE

Mr. Eggers of Chicago to Deliver Address at Meeting of Woman's Club Saturday.

Members of the Jacksonville Woman's club are anticipating a rare treat Saturday afternoon when Mr. Eggers, director of the Art Institute will deliver an address before the club in Odd Fellows Temple in East State street. Mr. Eggers is one of the most noted men in the art world and his subject for the afternoon will be "The Moods of Art and Music." The lecture will be illustrated with Victrola music, drawing and stereopticon.

Owing to the great interest being manifested in the coming of Mr. Eggers the officers of the club have decided to make the meeting an open one so that others not members of the club may have an opportunity to hear the lectures. The lecture will begin at 2:30 o'clock.

## Deaths

### Telfer.

The death of Joseph B. Telfer occurred at 6:30 o'clock Wednesday morning at Peoria, and word was received a short time later by relatives here. Funeral services will be held at two o'clock Friday afternoon at Peoria. Several relatives of the decedent's wife will attend the services.

Mr. Telfer had followed both contracting and railroad work. He was superintendent of the construction force which built the Grand opera house building here a number of years ago. At one time he was yardmaster of all railroads entering Peoria.

Surviving is the wife, formerly Miss Laura Wood of this city, a daughter of Mrs. Anna Wood of West College street.

### Owens.

Violet Lorraine Owens, small daughter of Mr. and Mrs. Oda Owens, who reside one and a half miles southwest of Merritt, died at the family home Wednesday morning. The child was born in Scott county April 8, 1916.

Funeral services will be held at 2 o'clock, March 12, at the home with burial in the Roman cemetery.

Guests tickets for the lecture under the auspices of the Woman's Club in Odd Fellows Temple Saturday afternoon are 50 cents and may be secured at the door.

### GERMANS ARE ISSUING WHITE BOOK

Berlin, March 9.—The German government is issuing a white book on the London conference. Both Pan-German and the more moderate newspapers concur in the statement that Dr. Simons' latest offer to the allies was unauthorized and declare he will be obliged to resign as foreign secretary because he exceeded the limits prescribed.

## INTEREST IN AUTO SHOW INCREASES DAILY

New Band Appeared as Extra Attraction Wednesday and is On Official Program for Remaining Days—Exhibits Make Appeal to All Visitors—Jacksonville Show Acknowledged Best in State Outside Chicago

Interest increases in the automobile show and merchants' exposition and the throng of visitors Wednesday afternoon and evening was larger than on the preceding day. Up to this time the country roads have not been in passable condition for cars but with good weather, car owners from the country can be expected to appear in great numbers tomorrow and Saturday. The fact that the weather was unfavorable the opening days of the week made the members of the Automobile association feel that they were wise in determining upon a six-day show.

A number of representatives of automobile companies from other cities were here yesterday and in each instance they declared that the local show is the best they have seen outside the big cities. One company representative said that this is the seventh show he has seen this season and that Jacksonville is easily first. As will be noted elsewhere in this issue, plans are already under way for the 1922 show.

President Claus of the Automotive association, has appointed a committee to co-operate with merchants in beginning the plans for next year's exhibit.

The presence of Jacksonville's newly organized band last night, added very materially to the pleasure of the big throng, for a generous program was given by the band. It was a complimentary appearance of the organization and the members termed it a "serenade" for the automotive association.

For the three remaining nights of the show the band will appear on the official program. Last night the band, led by J. Bart Johnson, and following J. F. Claus, president of the association, and Chief of Police Khoran, marched thru the aisles of the big building. This "grand march" of people present of the thousands to hear the band, and that without crowding.

One of the interesting exhibits is a Buick of a model several years old, but with a very modern top, manufactured from fabricoid in the top department of the Auto Inn. In this connection it is worth while to mention that visitors to the show have come into a fuller appreciation of the spaciousness of Mr. Zahn's East Court street establishment. The auto men from other cities are surprised at its size and the modern lines on which it is constructed. There is not another city of this size in the state with such a spacious institution.

The flowers and foliage plants used for decorations add greatly to the effectiveness of the whole exhibit. Flower boxes, especially constructed, are used in many different places. They are in green and white colors and with overhanging vines the effect is pretty indeed.

### Notes on Exhibits

In yesterday's issue some news notes were made of various exhibits, and others are presented herewith.

Naturally one of the largest exhibits is that made by the H. Z. Auto Inn management, Mr. Zahn showing Chevrolet roadster, touring, sedan and two other types of the same make. His Buick booth includes five passenger touring, five passenger sedan, a three passenger roadster, together with one small and one large coupe.

The Charles M. Strawn exhibit includes five Studebaker models. The light Six touring, the light Six sedan, the light Six sedan, the Special Six touring, and the Standard touring.

Joy Brothers, in their exhibit, lay emphasis on Ajax tires, and the Bates Motor Co. is exhibiting a tractor with a tried reputation.

The sign above the exhibit of the Lukeman Motor Co. uses the slogan, "The Ford, the Universal Car," and there are various types in the exhibit, including Sedan and coupe and, of course, the Fordson tractor is on view.

Babb & Gibbs show four models of the Dodge car, the roadster, touring, Sedan and coupe. Two models of the White truck are shown by the O'Donnell Motor Co.

The Illinois Tire & Vulcanizing Co. has the distinction of showing the only separate battery in the exhibit, and Mr. Florenz tells all comers about its merits. The exhibit includes Braender tires, with which Ralph Mulford made his great record on the Indianapolis speedway.

John M. Doyle's exhibit well emphasized the value of Delco lighting systems. A motor is in operation, run by Delco light power.

The Princess Candy Co. displays goods which might be expected to come from a well ordered confectionery and ice cream establishment.

The Army Goods Store exhibit is large and varied, intended to indicate the many lines which this store is continually offering.

Peterson Bros. are exhibiting U. S. L. storage batteries and Yale tires. The interest in their booth is increased by the guessing contest as to the number of shot behind the glass of a certain search light on display.

M. E. Gilbert has the only pharmacist exhibit and it successfully calls attention to the various Jontel cosmetic products and the Klezno articles relating to the care of the teeth.

Everybody is guessing on the number of grains of corn that the master Miller & Son have in the

window of their establishment will eat during the week. The rooster is the trade mark of Okel records, which the firm sells. Their exhibit includes a large number of Pathe phonographs of different models.

Arthur Vachits presents an exhibit relating to bicycle sales and repairs.

The exhibit of T. M. Tomlinson is devoted largely to the products of J. Capps & Sons mill and merits of "100 per cent wool clothing." In addition there are Indian blankets from the mill and an interesting display of dyed wools which gives an idea of certain processes in clothing weaving.

Andre & Andre display numerous articles to give proof of the statement that "Everything for the Home" can be found in their great store.

In the booth of the Hubble Chain Lock Co. practical demonstrations are given in the use of this device which Mr. Hubble has patented. The locks are sold in sets of four and the simplicity and effectiveness of the device makes immediate appeal. Those who view the G. A. Sieber booth are convinced that everything electrical can come from his establishment in the business district. A washing machine is shown, together with electrical equipment of various kinds.

E. H. Ranson in his exhibit gives special prominence to Bearcat batteries and some other lines that he handles at his South Main street establishment. Visitors to this booth have the opportunity to register and Saturday there will be a drawing and the fortunate number will be given a worth while award.

The C. E. Huggin Furniture Co. has a spacious booth displaying especially furnishings for kitchen use. One of the fine cabinets shown is to be sold Saturday to the highest bidder. Visitors who are interested in tires find it especially worth while to stop at the W. W. Pickle booth. The display there is made up largely of the well advertised Cupples tires.

The H. E. Wheeler Co. exhibit attracts spectators at all hours as the Brunswick phonograph is in use much of the time and the various models are on display. This company also shows a full line of the Willard batteries and numerous cars in the general exhibit are placarded to show that the Willard battery is used in them.

The Reo exhibit of the R. Haas Electric Co. has already been mentioned. In another part this company shows washing machines and other household electrical equipment.

A player piano and various models of Victrolas together with records make up the exhibit of J. Bart Johnson. Of course replicas of the Victrola trade mark with the slogan "His Master's Voice" are conspicuous in this exhibit.

McNamara and Henegan Co. have in the north side of the building their exhibit of Dixie cars and International trucks and near the southeast corner an extensive display of the products of Brook mills.

W. R. Shaw's booth calls to attention the various advantages of the Farns war air furnace. Otto Spiehl has an exhibit of pictures which attracts a great deal of attention and gives proof of the excellent work done in his studio.

The Faugust tinshop exhibit is one of the most unique in the whole show. Furnace pipe put together in quite an artistic way furnishes a border decoration for the exhibit which includes products of the tin shop, together with a sample of the Weir furnace and articles to indicate what is done in radiator work.

The exhibit of the Graham Hardware Co. includes paints, washing machine, lawn mower and various articles arranged in artistic way to show the extensive lines that the company carries.

The Prestolite batteries dominate the display of the Battery Service Co. Members of the firm are constantly on hand to explain the merits of this battery. The lines of stationery and other articles from stock are shown by the Book & Novelty Shop. The other half of this booth is made up of the Weaver products displayed by H. G. Magill.

The Holland Furnace Co. has a display to demonstrate the advantages of the company's products of the tin shop, together that the visitor finds is that of the Standard Oil Co. There the articles on view are mostly oils and greases that are directly associated with the automobile industry.

Brief mention has already been made of the Cherry Service station exhibit which features Lee tires and "Simons" and application for automobile bodies that makes them look like new. R. E. Piller, sales agent for the Good-year tire company and K. M. Snyder of Quincy, representative of the same company are spending some time at the R. T. Cassell exhibit which emphasizes Goodyear products.

German Bros. take advantage of the opportunity to show their Moon cars, products of the well known St. Louis factory. The firm's exhibit also includes Ra-

## OTHER WINTERS LIKE ONE JUST PASSED

Winters Remarkably Mild Up to Winter of Deep Snow in 1831—Other Stories of Winters in Early Illinois History.

SPRINGFIELD, Ill. — (By The Associated Press.)—The "hot winter" experienced by Illinois this year, and which by the way has been general throughout the middle west, has set many persons digging around in their pile of recollections for a winter that has been its equal.

The winter of 1880 stands out as the mildest winter on record at the United States Weather bureau in Springfield. That year the month of January enjoyed a temperature, 17.9.10 degrees above normal and February 9 degrees above normal. The records of the weather bureau here cover the past 41 years.

A remarkable feature of this year's winter is the light snowfall,

which has been a little less than one foot. More snow fell during the month of December, 7.5 inches, than during all the rest of the winter to date. Only 3.6.10 inches fell during January and slightly more than half an inch during February.

"But you never can tell what's coming," remarks K. D. Herman, United States Weather bureau observer. "Last year in April, after winter was supposed to have been officially dead and buried, along came 8.2.10 inches of snow—more than had fallen altogether during the preceding winter months."

**The Deep Snow.**  
The winter of 1831 lays claim in Illinois' history as the winter of the deep snow. Heavy snow that year was general all over the country and at many places in Illinois was four feet deep.

Eleanor Atkinson in the Journal of the Illinois State Historical Society tells of memorable winter.

Illinois' winters up to 1831, according to the memories of the oldest inhabitants of that time, had been uniformly mild and open, particularly in the southern part of the state.

Light snows usually fell in January, accompanied by several days of zero weather, after which spring thaws would set in and the winter would be over.

But the winter of the big snow was different. A six inch snow fell the day after Christmas in 1830. On December 20 the snow set in in earnest and during the balance of the winter terrific snow storms, accompanied by low temperature, were frequent. Mail service was interrupted for weeks at a time and in many places people were entirely cut off from the outside world, suffering intensely for lack of fuel and food and in some cases freezing to death.

The snow reached a depth of four feet in Springfield during the winter. Livestock perished and small game was almost exterminated.

Deer and other large game, plentiful in this country at that time, wandered into the city in search of food and was shot by snowbound inhabitants at their front doorsteps.

Floods followed in the spring and it was during the flood of the Sangamon river, which was "flooding along like a mill race," that Abraham Lincoln saved the lives of two companions when they met with a mishap in launching a dugout canoe preparatory to making a trip to New Orleans with a load of merchandise.

By the way of contrast with the present mild winter, "Cold Tuesday" which the same historical sources place on December, 18, 1836, might be mentioned.

A heavy snow had been turned to slush by the warm weather, and a heavy rain had fallen steadily for nearly twelve hours. Suddenly a dense black cloud rolled up from the west with a rumbling noise resembling thunder and in less than five minutes the atmosphere changed to intense cold.

J. O. Cunningham of Urbana gave his account of the phenomena, as he gathered it from old inhabitants in Volume 4 of the Journal of the Illinois State Historical Society.

**Some Cold Weather Stories**  
An hour after the unprecedented change a man crossed a stream on horseback which was frozen solidly to the bottom, two feet, and remained so until spring, it is reported. Among other stories told of this remarkable day are these:

Two men and a dog were said to have been crossing the Illinois river in a boat when the sudden change struck them. Their boat was frozen in mid-stream and they were forced to walk ashore on the ice. Their dog froze to death.

A Springfield man was driving a drove of hogs into the city. When the storm hit him he abandoned the hogs and drove to a farm house a mile away for shelter. His hands were frozen. The next day he went in search of his hogs and found a "pyramid of porkers" right where he had left them. They had huddled up in a huge pile. The hogs at the outside had been frozen and those at the center of the pile had been smothered to death.

A man in McLean county was at work in a field. When the storm struck he picked up his overcoat, wet with mist, and started to put it on. The wind whipped it out of his hand and before he could recover it, it had been frozen "head up and tail down" with arms extended like a scarecrow. There it stood. He told a neighbor about it afterwards and the neighbor declared it sounded like a "pretty stiff story."

Authorities pretty generally agree that "Cold Tuesday" was felt in the area from just west of Cincinnati, O., across Indiana and thru Illinois between Ottawa, Ill., on the north, and Terre Haute, Ind., on the south.

The coldest day of the present winter in this section, according to the Springfield weather bureau, occurred December 28 when the thermometer registered 1 degree below zero. The highest temperature this year was registered Feb. 15, at 69 degrees above zero. This was the highest temperature on this date for twenty-one years.

Eighteen degrees above zero was the lowest temperature recorded during the month of February just past. This is the highest absolute minimum for February on record here.

### NOTICE

Because of an outbreak of scarlet fever, the Lyndville schools, churches and lodges will be closed for a period of seven days. Public gatherings will be prohibited during this time.

## SANGAMON COUNTY BUYS LOTS OF OIL

Many Miles of Roads to Be Oiled the Coming Year—Use Well Understood Now and Good Results Obtained.

Springfield, Ill., March 9.—Thru roads in all directions and relief from the "mud hole" reputation which has sometimes warned motorists away from Sangamon county is assured by the recent closing of a contract here for 900,000 gallons of road oil, with which 150 miles of roads in Sangamon county are to be oiled this year.

The purchase price of \$50,000 was signed by County Superintendent of Highways Truman Platt, and underwritten by 20 of the townships in the county.

This purchase finds the movement for oiled roads in Illinois well defined, according to Secretary Jas. A. Jones, of the Springfield Automobile association. Beside Sangamon county, DeWitt, Christian and Champaign counties, to mention a few, have bought huge quantities of road oil.

Oil has come into favor, Mr. Jones said, thru the thorough knowledge of its use. Until very lately most road men, he said, were largely ignorant of the correct manner for employing oil, but lately they have found in it the means by which roads may be transformed into almost "all-the-year-round" highways.

The price paid for the road oil by Sangamon county, Mr. Platt said, was \$5.215 (less than five and one-quarter cents) a gallon.

**NOTICE TO TAXPAYERS**  
The tax books are now in the collector's office and taxes extended stand as judgments against all parties mentioned therein.

Persons paying on personal property only should pay the tax promptly and avoid trouble and expense in collection. The judgment reads as follows: "In case any person named in said books shall neglect or refuse to pay their personal tax, you shall levy the same by distress, and sale of goods and chattels of such person." Parties paying on real estate should bring their old tax receipts to save time and avoid mistakes. If paying thru the banks, leave your old receipts with your bank as soon as possible.

### U. OF I. GRADUATE WORKING ON BIG JOB

Designs Plans for New Capital City for Australia — New City Is Canberra.

Urbana, Ill., March 9.—Walter Burley Griffin, a graduate of the University of Illinois, is now engaged in the construction of Canberra, the new capital city of Australia, which he designed.

Some years ago a world-wide architectural contest for the design of a new capital city for Australia was won by Mr. Griffin. After his plans were accepted he was commissioned to supervise the building of the city itself.

With the entrance of Australia into the war, construction had to be suspended after two years of work had been completed. Mr. Griffin has now returned to Canberra and building again is in progress.

According to Mr. Griffin's plans, the "Washington" of Australia is to be a city covering an area of twenty-five miles. It is located between Sydney and Melbourne, about seventy-five miles from the east coast of Australia.

It is planned to be a center of federal government, music, education, recreation, manufacturing, marketing and agriculture. It will include an elaborate system of parkways, gardens, federal buildings, museums and wide picturesque avenues.

Mr. Griffin graduated from the University of Illinois in 1899 and for some time was associated with the University's department of architecture. He is known in Australia as "federal capital director of design and construction."

### SEA FURNISHES

#### ANOTHER MYSTERY

Schooner Goes to Wreck on Diamond Shoals—Crew and Boats Vanished.

Beaufort, N. C.—A grim specter stood unseen at the helm of the bath-built schooner Carroll A. Deering when she cleared Rio de Janeiro harbor last December, riding light, and winged out to sea with Norfolk port to make, via the Barbadoes.

The ship was tough and trim from truck to keelson, sound thruout and no more than sweetened to the ways of the sea by her year off the building stocks. A stout New England shipmaster, weathered to all the gales that blow from her quarterdeck, above him clean, sound canvasses towered away to the five great masts that drove more than a thousand tons thru the water on airs that no more than fanned the cheek.

Today she is "The Ghostship of Diamond Shoals," her bones bleaching in "the graveyard of the Atlantic," her master and crew vanished, no man knows where or why. She has added one more page to the sea's great book of mystery; paid tribute to the grim power of the deep that on occasion strikes thru all that men and science can do to shake it, to claim its own.

There is no record of the Deering's last voyage. She sailed full handed, thrilling with life and power. A month later she staggered blindly shoreward, alone by night, to ram her way to her last berth on the shoal. No hand tended her wheel; no man tried to clank a sheet or spill the wind from her tortured canvas to ease her death struggles. She was a dead ship. No living thing saw her end.

Sunset was drawing down the gloom of night on a Sunday evening when part of the life saving station looked their last for the day across the storm-fretted shoals. The surges ran white over the lurking menace of the sands, headstuck with relics of many a stout craft. But there was no sail in sight. The wide reach of sea beyond was empty in the gathering gale.

In the morning, the Deering lay before them in the grip of the sand, her canvas set and slatting to ribbons in the wind, her boat gear hammering overboard, her boats and her people vanished. All day the life savers sought to reach her. Some of her crew might still be aboard. Time and again they were beaten back by wind and sea and it was a day later before it was known positively that she was an empty ship, stripped of all life before she had plunged into the death trap.

There was no mark on her to show why she had been abandoned. She was apparently undamaged until the wind and sea and sand had their will of her and slowly ripped here timber from timber, on the shoal. Under the drive of her sail the ship was buried beyond the power of tug to pull her out. And in the weeks that have passed not a word has come to tell what became of her crew. Nobody has been washed up; no remnant of life boat or clothing come ashore.

The battered hulk of the big vessel forlorn with toppling masts and grimy torn canvas, the hull filling with sand, thru opened seams, stands a ghostly monument to the unconquered power of the sea.

8,000 feet white oak bridge lumber, \$55.00 per one thousand, 5 miles northwest of Winchester. Ray Taylor, Winchester.

POPPY SEEDS FROM CHATEAU THIERRY

C. C. Capps yesterday received from Julian S. Wadsworth a package containing some poppy seeds from the fields of Chateau Thierry. Mr. Capps no doubt appreciated these seeds. The ground was all disturbed in this section of the country but the poppies continue to blossom.

Brown promises to be a most desirable shade for young men's hats this season. FRANK BYRNS Hat Store.

NOTICE  
To the voters of the Fourth Ward, City, March 9th, 1921:

I take this opportunity to express my appreciation to you for your voluntary voting for me Tuesday, for alderman.

### M. L. TAYLOR WAR VETERAN IS DEAD

Resident of Taylorville Was Long Time Friend of C. Riggs Taylor of This City.

A number of Jacksonville people remember the late M. L. Taylor, who was a visitor in this city when the grand G. A. R. encampment was held here. Mr. Taylor, who was for many years a prominent resident of Taylorville, died there recently. The deceased was a close friend of C. Riggs Taylor of this city. They had the same family name and were exactly the same age but there was no relationship. This fact of ages was revealed when the Taylorville man was here for the encampment and was by chance entertained at the Riggs Taylor home. There were four or five veterans in the group when they began to talk of their terms of service and their respective ages it developed that the host and the veteran from Taylorville had been born on the same day.

Mr. Taylor, who served in the war with the 98th Illinois, lost an arm in the service and during recent years an illness developed which necessitated the removal of the other arm. Notwithstanding these handicaps the war veteran kept a cheerful spirit and up to a short time before his death was able to attend to business affairs. Mr. Taylor was a trustee of Shurtleff college at Alton and so has been associated for a number of years with A. A. Curry of this county, who has long been actively interested in that institution.

#### ALLEN McQUHAE

Allen McQuhae, the famous new Irish tenor who will appear here tonight at Music Hall was born in Bray, County Wicklow, Ireland, and his early boyhood days were spent in a convent. Later he was soloist in a boy's choir and a student for the priesthood. This latter ambition was not achieved, however, for the lure of the land overseas had a strong appeal for him. Every romance has its heroine, too. This one had. So it was with the hope of establishing himself in the country across the water that young McQuhae left his home in Ireland to come to Winnipeg, Manitoba.

"There it was that I got my first job as a ranch hand," he says. "I got up before daylight to do the chores. I used to sing while I milked the cows and the rest of the boys would stop and listen. I spent some time on that ranch leading the life of a cowboy and farm laborer."

"From there I struck out for the Klondike and the lure of the gold

fields. At Dawson City I worked in the mines, incidentally saving some money, one of my first lessons in that gentle art.

"Having accumulated a fair sized bank roll my next desire was to become a land owner. So I came back to Manitoba and purchased a farm of 250 acres in the Rolling River Valley region. At that time I bought it for \$8 an acre. Now I believe that land in the same territory is selling for \$75 an acre."

But wherever he was, or whatever he was doing Allen McQuhae was singing most of the time. He always sang at his work which always made his own task easier and that of those associated with him. Today he is one of the most popular concert artists before the music loving public.

The new smaller shape hats for young men are shown by FRANK BYRNS Hat Store.

ATTENTION WILBUR CHAPTER 358 O. E. S.  
Stated meeting tonight. Work. Leah Caldwell, W. M.

## HOW WOMEN AVOID SURGICAL OPERATIONS

Some Are Extremely Necessary, Others May Not Be

Every Woman Should Give Lydia E. Pinkham's Vegetable Compound a Trial First

Compound, after it had been decided an operation was necessary:

Burlington, Vt.—"I suffered with female trouble, and had a number of doctors who said that I would never be any better until I had an operation. I was so bad I could hardly walk across the floor and could not do a thing. My sister-in-law induced me to try Lydia E. Pinkham's Vegetable Compound and it certainly has helped me wonderfully. I keep house and do my work and have a small child. I have recommended Vegetable Compound to a number of my friends and you may publish my testimonial."—Mrs. H. R. SHARON, Apple Tree Point Farm, Burlington, Vt.

In hospitals are many women who are there for surgical operations, and there is nothing a woman dreads more than the thought of an operation, and the long weary months of recovery and restoration to strength if it is successful.

It is very true that female troubles may through neglect reach a stage where an operation is the only resource, but most of the commoner ailments of women are not the surgical ones; they are not caused by serious displacements, tumors or growths, although the symptoms may appear the same. When disturbing ailments first appear take Lydia E. Pinkham's Vegetable Compound to relieve the present distress and prevent more serious troubles. In many cases, however, have been restored from women who have been restored to health by Lydia E. Pinkham's Vegetable Compound after operations have been performed by attending physicians.

Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent to you free upon request. Write to The Lydia E. Pinkham Medicine Co., Lynn, Massachusetts. This book contains valuable information.

Here are facts that  
interest the mother  
and father of every  
child in America

Do your children get sufficient energy food  
—so necessary for growing youngsters?

FOOD EXPERTS have been finding out many new things about how we are nourished. One of the most important is about Dextrose, the great energy food—the sugar that is absorbed right into the blood to build up your strength and energy.

You could not live long without Dextrose. Most of the food you eat—such as bread, starchy vegetables, and all forms of sugar—has to be changed into Dextrose before your system can use it as energy food.

This interests millions of women who have Karo on their table almost every meal—in some form. Karo contains a very large percentage of Dextrose.

#### Karo—A Predigested Food

So Karo may almost be said to be a predigested food. These are scientific facts, supported by the very highest medical authorities. This undoubtedly explains the wonderful popularity of Karo as a national syrup—used by everybody. Send for the free booklet mentioned below and read all the facts.

Every mother wants her boys and girls to be rugged and sturdy. Give the youngsters plenty of Karo—on cakes and spread on bread.

Karo is a great energy food—pure, wholesome, and economical. It can be used so many ways—for cooking, baking, candy making. Or as a spread on bread, pancakes or biscuits. Many use it instead of preserves; or to stew prunes and dried fruit with it.

FREE A booklet every parent should read. Tells all about the wonderful food value of Karo; explains the meaning of Dextrose and why children thrive on it. Sent free with the beautifully illustrated Corn Products Cook Book of 64 pages. Write Corn Products Refining Co., Argos, Ill.

CORN PRODUCTS REFINING COMPANY  
208 East Illinois Street, Chicago

#### Your Protection

Do not be deceived by cans containing syrup that might look like Karo. The name "Karo" is on every can of original Karo—look for it and be assured of full weight cans and highest quality.

#### BLUE Karo

The standard table syrup. Also for cooking, baking and candy making. Light brown color, delicious flavor—a heavy-bodied syrup.

#### RED Karo

The Ideal Syrup for every use—for cooking, baking, candy making and preserving. Because of its honey-like appearance many prefer it as a spread for cakes, biscuits, breads.

#### GREEN Karo

Flavored with highest grade real maple sugar. Very moderate in price—absolutely pure. The makers of Karo are the world's largest users of the highest grade maple sugar—over a thousand tons used annually.

# Small Profits Per Sale

THE last link in the chain between the oil well and your car is the filling station where you buy your gasoline or the tank wagon which delivers it to your home.

From refinery, to tank wagon or filling station, to consumer, the business of manufacturing and marketing gasoline is conducted on a basis of selling many gallons at a price which gives only a small profit per gallon.

The Standard Oil Company (Indiana) applies this principle in the conduct of its business.

The ideal of this Company is to manufacture a gasoline of uniformly high quality, to sell it at a price which will permit of universal use, and to maintain a system of distribution so comprehensive as to make it available everywhere.

Only an organization great in ability, and great in size, can give such a service as that provided by the Standard Oil Company (Indiana). The tremendous volume of business it enjoys has been won through efficiency plus the economy of large-scale operation.

When bigness, efficiency and economy all work together, the result is low manufacturing cost, and low product prices.

## ILLINOIS RANKS HIGH IN PUBLIC UTILITIES

Stands First in Amount of Money Invested and Development of Lines — Main Interesting Facts About Various Utilities.

By Associated Press.  
Springfield, Ill., March 9.—Illinois ranks first in the amount of money and development of its electric utilities, second in wealth and rail mileage, second in electric railway trackage and investment, second in telephone investment and development and third in manufactures of the thirty-eight states of the Union, according to the annual reports of

## Player Piano Cheap

Over 40 Years in Business. Our  
Record is Your Surety of Service and Satisfaction.

the Illinois State Electric association, Illinois Gas association and ten.

These reports will be submitted to a joint convention of the three associations in Chicago next Tuesday and Wednesday. More than 1,000 managers of public service properties are expected at the meetings.

In 1905, the reports show the investment in electricity, gas, electric railways and telephones in Illinois was but \$375,000,000, or about \$75 an inhabitant. On December 31, 1920, the investment had reached more than \$1,300,000,000, or \$192.20 per annum, man, woman and child, in the state.

The demand for service has increased at such rapid rate that \$125,000,000 a year is needed from investors for additional plants and equipment, the reports declare, while the number of employees is in excess of 180,000. Owners of securities of the utilities number close to 450,000.

Many Own Securities  
These securities are owned by more individuals than any other group of investors, save those who purchased Liberty Bonds during the war period, according to the reports, and many insurance companies, banks, lodges and trusts funds are also owners, giving indirect ownership to nine out of every ten people. Statistics show that women hold one-third of the outstanding securities.

The reports give a short history of utility development in Illinois. They reveal that gas is the oldest of the public services, being first used in 1849, but not being used for cooking until as late as 1835. The first telephone was shown in Chicago in 1878, and it was 1895 before households had them.

The first electric illumination was in Belleville, Ill., in 1884, and the first central station for producing electric energy was at Elgin in 1885.

Chicago, which today produces more electricity than any other city in the world, did not have a station for the production of electricity until 1888.

The first trolley car was shown as a curiosity in the old Exhibition Hall on the lake front in 1883. It was not until 1902 that there was any large amount of money invested in the public utility business in Illinois, and the development of the services has been more rapid than in any other state.

The estimated investment in public utilities in the state is given as follows:

Electric railways (city and interurban lines) \$456,000,000.  
Electric plants and equipment, \$362,000,000.

Gas plants, \$181,000,000.

Telephone plants, \$261,000,000.

These estimates are based upon a known appraised value of \$1,252,000,000, as of June 1, 1920.

Electric railways showed the least development in the last year, owing to high operating costs and controversies over fares, which resulted in investors becoming unfriendly towards that branch of the industry and cautious about furnishing new money for further development. The greatest gains were shown in the electric and telephone industries.

Work During War

The reports shed light upon happenings during the war period, in spite of the federal government's edict that no funds should be diverted from winning the war purposes and the hesitancy of the government to permit any materials to go into public improvements, the figures show that between June 30, 1914, and December 31, 1919, when the ban was removed, \$130,120,000 of new money was obtained and invested in plants and equipment, enlarging the service facilities of the state about 12 per cent.

In that period combined expenses of producing the services increased 79.67 per cent, while revenues due to both adjusted rates and enlarged business increased 51.94 per cent, this decrease in earnings taking place while practically all other industries were enjoying high prices for their products and exceptional profits.

There are in the state today 29 interurban railways; 32 city lines rendering transportation to from one to two communities; 519 telephone companies, of which seven have revenues in excess of \$250,000, and 20 in excess of \$50,000, while the remainder are small lines serving groups of rural communities, or country lines; 58 electric companies which serve 950 cities and towns, and more than 10,000 farms; 12 of these companies alone serving 662 cities and towns from central stations over high-power transmission lines; 18 companies engaged in exclusively gas operations, some of them serving as high as 50 cities and towns; 22 companies furnishing water services exclusively, and 45 companies furnishing more than one kind of service, either electric, gas or water.

Under the great development of utility services from central station plants, communities in Illinois as small as 150 to 200 in population are receiving the benefits of electric service and a number of the same population have gas.

Just received, car load of rubber roofing. Before buying anything in this line call and see us. We can save you money.

### REPUBLICAN CALL

Call is hereby made for a meeting of the Republican County Central Committee, to be held on Monday, March 21, 1921, at 12 o'clock (noon), at the court house in Jacksonville, Ill. This meeting is for the purpose of selecting delegates to the nominating convention for justice of the Supreme Court, to be held at Monmouth, Ill., and such other business as may come before the committee. Your presence is earnestly desired.

F. H. Wemple, Pres.  
Fred L. Gregory, Sec'y.  
Dated March 8, 1921.

### SERVICE MEN CAN GET COMMISSIONS

Springfield, Ill., March 9.—Opportunity for 2,585 former service men to gain officers' commissions in the United States army, through examinations to be held April 25, was announced here by Adjutant General Frank Dickson. Applicants must be between 21 and 30 years of age, and must have been two years in military service, or shall have been members of the Enlisted or Officers' Reserve Corps, the National Guard or a graduate of some technical institution approved by the secretary of war.

Applications for examination must be made to army posts in Illinois, either Fort Sheridan, Camp Grant, or Rantoul. Place of the examination will be announced later.

### NOTICE OF EXAMINATION

An examination for teachers' certificates will be held in the office of the county superintendent of schools on Thursday and Friday, March 17th and 18th. For further information call or write

H. H. Vasconcellos,  
County Superintendent.

Insure with M. C. Hook Co.

## NEW LIGHT-SIX SEDAN

— the World's Greatest Light Weight Sedan

SUCH quality as you find in the NEW LIGHT-SIX SEDAN at its remarkably moderate price is possible only because of great resources, manufacturing experience and knowledge of body building.

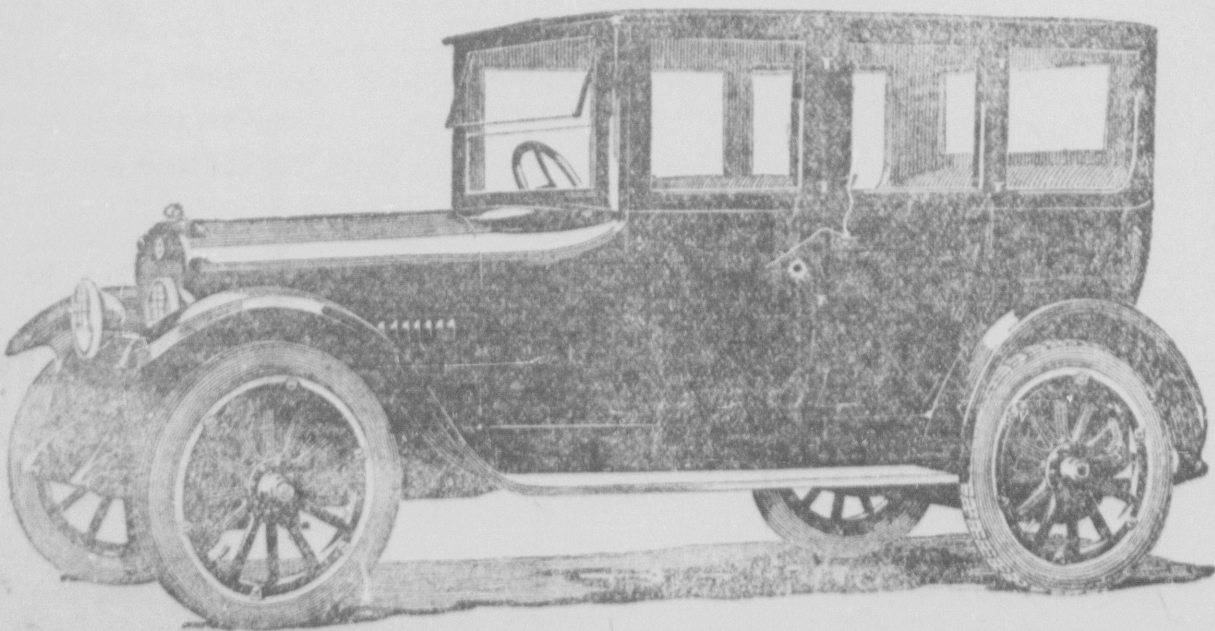

In its quietness of power and freedom from vibration this LIGHT-SIX SEDAN sets new standards in closed car comfort. Distracting noises and discomforting body vibrations have been eliminated.

You save from 20 to 25 per cent when you buy the NEW LIGHT-SIX SEDAN, for you get the benefit of economies made possible by complete manufacture in the new modern \$20,000,000 plants of Studebaker in South Bend. Middlemen's profits are eliminated on castings, forgings, stampings, motor, axles, transmission, frame, body, top and other vital parts—and quality is absolutely assured.

Come in and see this wonderful car — the world's greatest light weight Sedan. We are ready to demonstrate and make deliveries.
